Consider/Approve: Consider/Approve Additional Bus Route for Floyd Central High School

Applicable State or Board Policy: 6.31 Bus Scheduling and Routing

Fiscal/Budgetary Impact: The cost for adding an additional bus route would be \$3.69 per mile for the length of the route of 50 miles round trip. This cost includes driver wages, bus maintenance, upkeep and fuel cost.

History/Background: After evaluating the existing bus routes in the South Floyd Area and analyzing the time students will spend on the bus traveling to Floyd Central High School, the Transportation Department feels it is necessary to add an additional bus route from the South Floyd location to the new school. This additional route will help lessen the length of the school day, which includes bus travel time, for many students. This will be especially true for students living at the southern end of the county.

Recommended Action: Approve as presented.
