Henderson County Schools

Child Nutrition Department

We are excited to announce an amendment to the policy for serving meals to students under the [*National School Lunch / School Breakfast CEP (Community Eligibility Program)* for the 2017-2018 school year. All students at the following sites will be served [*lunch/breakfast*] at no charge:

AB Chandler Elementary	Bend Gate Elementary
Cairo Elementary	East Heights Elementary
Jefferson Elementary	Niagara Elementary
South Heights Elementary	Thelma B Johnson Early Learning Center
Central Academy	Spottsville Elementary

The April 1st report submitted to State for the district CEP qualifying data shows an over all district-wide ISP (identified student percentage) of 55.94%. The April 1 data only takes into consideration students who are directly certified to receive free meals. Students that qualify for free or reduced meals by means of income application are not considered for this report.

We used a grouping calculator to achieve the required 62.5% for full reimbursement.

Thank you,

Charlotte Baumgartner

Instructions

The Community Eligibility Provision (CEP) for the National School Lunch Program (NSLP) provides an alternative to household applications for free and reduced price meals for economically disadvantaged students in local educational agencies (LEAs) and schools. Sites that elect this option agree to serve all students free lunches and breakfasts for four (4) successive school years and claim the meals based on a percentage of Identified Students multiplied by a USDA-defined multiplier factor.

Sites which have an Identified Student Percentage (ISP) of 40% or greater are eligible for this option.
Sites which have an Identified Student Percentage (ISP) between 30.00% - 39.99% are potentially eligible.

Enter each Site's Number of Identified Students and Enrollment as of the Reporting Date.

Select sites are eligible for CEP
