Re: 2017-2018 Calendar Revision

Date: May 10, 2017

Request

Our 2017-2018 school calendar has 176 days; we request that the board amend the 17-18 school calendar by the removal of one day. This change will allow us to continue our traditional 175 school days for instruction and meet all requirements.

Reason

Our submitted 2017-2018 school calendar is equal to 176 instructional school days and the calendar should be equal to 175 instructional school days. Friday, May 18th is listed as the last day for students; the last day for students should be listed as May 17th. This adjustment to the 17-18 school calendar allows us to meet KDE requirements, allows for our traditional 5 banked days, and allows for graduation to be the day after the last day of school and will keep staff contracts in line with what is currently practiced.

The additional day was recognized as Human Resources Dept. begin looking at contracts for the 2017-2018 year. If approved we will then submit the calendar to KDE as the board approved calendar.
