This document represents an agreement between Pikeville High School (Pikeville High School) and Schoology, Inc. (Schoology) for the purchase of services in connection with Schoology's web-based Learning Management System (LMS). All costs are represented in Exhibit A, Pricing.

Enterprise Subscription

Pikeville High School's Enterprise Subscription to Schoology's LMS includes the products and services described below. All associated database hardware, maintenance and upgrades are included.

User Authentication

Pikeville High School will have access to Schoology's flexible Administrative Configuration Interface, which allows system administrators to manage user single sign-on (SSO) configuration, providing integration with Pikeville High School's remote identity provider.

Advanced User Management

Pikeville High School will have access to Schoology's advanced User Management Interface which allows system administrators to manage user roles, permissions, privacy, and overall system settings. This also affords administrators the ability to manage user, course and enrollment data.

Enterprise Management Interface

Pikeville High School will have the ability to create and manage multiple institutions and/or departments/divisions using the Enterprise Management Interface. System administrators can organize users by department, building, or institution, and have the ability to designate other users as administrators. In addition, system administrators can manage all users, institutions, and/or departments/divisions from the main parent account.

Branding

Schoolology will provide custom branding services to the user interface for Pikeville High School's instance of the LMS. The top banner and links will be branded with Pikeville High School's desired color scheme, and the Schoolology logo will be replaced with Pikeville High School's logo. In addition, Pikeville High School will receive domain customization (e.g. lms.clientname.org) or subdomain customization (e.g. clientname.schoolology.com).

Support Services

All Schoolology users can access support documentation 24/7/365 via the Schoolology Help Center (<https://support.schoolology.com>). This resource contains a wealth of curated content, including role-based user guides, a document center with quick reference cards and release notes, troubleshooting tips, Schoolology FAQ's, and an archive of regularly updated trainings, videos, and webinars. Schoolology also provides active community support within the Help Center, with discussions and responses moderated by Schoolology employees, and regular announcements of new Schoolology features.

As an Enterprise client you will have access to priority support. You may choose up to three (3*) dedicated Support Contacts from your organization, whose role is to relay any questions, concerns or ideas to the Schoolology team. Support Contacts can contact Schoolology by:

1. **Phone:** Support Contacts may contact a Schoolology representative by using a unique support code which can be found by clicking the "Help Center" icon (Only visible to Support Contacts).
2. **Ticketing System:** Support Contacts may create and track their own support tickets by going directly to **support.schoolology.com**.
3. **Chat:** Support contacts may use the Chat feature to contact a Schoolology representative to ask questions and troubleshoot issues.

*More contacts are available at \$500/license/year

The Schoolology Support Team will work with Pikeville High School to provide ongoing support throughout your partnership with Schoolology.

Standard Support includes 24/7/365 Online Help Center access, 24/7/365 Community access, and web ticket, phone, and chat support for Support Contacts during business hours (Monday-Friday 8 am - 8 pm ET). Standard support is included in the cost of subscription.

Support Contacts are qualified, through training and experience, to provide first line support to local users. Typical issues resolved by Support Contacts include access problems and general usage questions. In addition, when users in the organization outside of the scope of the Support package contact the Schoolology Help Desk, they will be assisted by Schoolology's Support team. We believe that we should make our greatest effort in helping you and your users succeed. However, please note that these users may receive a later response than Support Contacts or other supported staff and faculty members at the organization.
