Re: June Board Agenda Items

Mr. Stith:

The following are the items Engineering Design Group, Inc has for the June Board meeting.

Wilson Road Access Drive – Bus Garage BG#16-037

Construction update: (Contractor - McNutt Construction Company)

Project closeout is pending establishment of grass in all disturbed areas. Contractor has already re-seeded the required areas and has performed additional grading to achieve positive drainage patterns. We are waiting for the grass to get established. Once the grass is established project close out documents will be prepared and presented to the Board.

Parking Lot Improvements – Bluegrass Middle School – BG#16-177

Construction update: (Contractor – Hall Contracting of Kentucky, Inc.)

Project is complete and grass has been established. Project close out documents, (BG-4 and BG-5), are being presented to the Board for approval.

Sidewalk Improvements – Central Hardin High School –

Construction update: (Contractor – Phillips Brothers Construction, LLC.)

Construction is underway and demolition is essentially complete. Contractor should begin new concrete sidewalk installation later this week. Project is going well and is on schedule.

If you have any questions or need anything else please feel free to contact me.

Respectfully Submitted,
Engineering Design Group, Inc.

Michael P. Billings, PE, PLS
