Pre-trip preparatory activities:

Letters will be sent home with students informing parents about Beta, service projects and the opportunity for Beta members to compete at the Kentucky Junior Beta Convention. Beta sponsors will meet with Beta members interested in attending the convention to best select the areas of competition that matches each student's strengths. Sponsors will also collaborate with teachers to better assess the appropriate areas each student should compete in as well as work with the parent and student.

Post-trip activities:

The National Beta Club provides its members the opportunity to be challenged as leaders in the school as well as in the community. It also provides members the ability to work toward college scholarships. Beta members attending the convention will have the opportunity to share their experiences with other Betas and serve as recruiters for future members in the club. Taking students to compete at this convention will allow them the opportunity to place their skills against other students from schools across Kentucky. If we have any students that qualify at the state level, they will be given an invitation to compete at the National Junior Beta Convention next summer.

Oral student presentations:

Betas attending the convention will have the opportunity to present or discuss their areas of competition to the Beta members during meetings and hopefully will have the opportunity to present in their classrooms as well. For those competing in essay, speech, talent and candidacy, we plan to have them share their entry with their classes and get support and feedback from their teachers and peers.
