The Marion County High School art department currently does not have display frames for artwork. Having display frames will help to promote student work in a professional manner both in the high school and community exhibits. They will also support the notion of craftsmanship and presentation as outlined in the Kentucky Academic Standards for Visual Art. I have requested both 16x20 and 11x14 frames for a variety of sized artworks. We currently have 6 classes each semester that can support the use of these frames.
