

Dayton Independent Schools
Dayton Middle and High School Instructional Technology
Board Request – September 27, 2017

The replacement of the teacher tablet and desktops with laptops will provide the teachers the same Apple Computer that the students will be using as we move towards the goal of every student having an instructional device. The teachers will need the assistance of an Apple TV to provide connectivity to the projector; but this will be funded through the School Improvement Grant (SIG) that the high school was awarded. The breakdown is as follows:

Device Breakdown

29 instructional and special education classroom teachers will receive the laptop replacement

3 administrators will receive the laptop replacement

1 youth service will receive the laptop replacement

1 ISD Instructional Teacher Assistant will receive a laptop

Cost breakdown

Laptop computer with 3 years of apple care coverage, which includes accidental, is: \$899.00

Laptop Clam Shell case: ~\$10.00

Laptop total cost: \$30,566

Case total cost: \$340.00

Projected cost: \$30,906
