Ms. Mitchell,
I wanted to have written confirmation of our earlier phone conversation.

The Board of Directors of Danville Christian Academy voted to have our KHSAA membership application begin in the 2017-18 school year (current year). This was written on our application sent in July 2017.

My email from a few days ago stated an incorrect date of 2018-19.

We have current written contracts for volleyball for 2017-18 with schools from the KCAA and KCAA Administration for KCAA post-season tournaments if we qualify.

We currently do not have enough interest from our student-athletes to field interscholastic teams in other sports, mainly due to our current high school enrollment of only 21 students.

Thank you for all you do!

--

God bless,
Jamie Middleton
