Early Childhood Learning

- We've had 3 Play and Learn Events held at LES so far this year. We are working on recruitment to get the attendance of those events up. Look for a flyer in your mailboxes, soon.

- We are in Week 6 for Book-A-Week.
- Kati Newsome and Debbie Moore are working to put together birth-3 "book bags" for community children with SCRIPPS grant money.
- Kindergarten Screenings have been completed;

Special Education/504

- We have had an increase in our special education population from transfers in. Dec 1 count was up last year and we've had several new students at the high school.
- Seeking Approval for addition of a special education teacher at DHS (Emotional Behavior Disorders) to be placed in DaytonA to Co-Teach with Mr. Montgomery.
 - Seven students with IEPs mostly related to behavior are currently being serviced in DaytonA. This increased has been due to revisions or new enrollments from other schools; this addition of a teacher is warranted in order to meet the obligations that are written into those IEP's. Mr. Montgomery has assumed m to a lot of responsibility for these students and Ms. Lukens is going in there one bell every day. However, we have gotten to a point that the needs exceed those current resources.

Medicaid Billing System

- For our students who qualify for special education, are Medicaid eligible, and parent gives us permission to bill we should be recouping almost 100% of costs for the following services;
 - Speech Therapy
 - Occupational Therapy
 - Mental Health Therapy
 - Physical Therapy
 - Some evaluations
 - Special Transportation (on days related services are provided)
 - Health Aide and Nursing Services (toileting, feedings, medication administration, etc.)

*Check on both RMS and Direct Billing to do a cost settlement in March/July and is paid out in one lump sum.

**Also do Special Transportation
