

Certified Evaluation Appeals Panel Appointment

Per Board Policy 03.18, an evaluation appeal panel shall be formed to hear appeals from summative evaluations for certified staff members.

Per the guidelines, certified employees of the district shall elect two members and two alternates. The Board of Education is to appoint one member as well as an alternate to complete the panel. The length of the term for an appeals panel member shall be three years.

Nominations for appeals panel members were accepted and voted upon in September.

Elected by the certified staff included representatives Sarah Estabrook and Nathan Grace and alternates Steve Garner and Ed Clouse.

The Board of Education is now asked to appoint a member and an alternate. Two certified staff members interested in being on this panel are Mark Andrews (Science Teacher at Henderson County High School) and Beth Roberts (Instructional Coach at Henderson County High School).

Thank you for your consideration of this matter.
