Who We Are

Hope Street Group is a national, nonpartisan, nonprofit and our mission is to bring together the best practitioners, business leaders and government innovators to create collaborative solutions for the most pressing issues facing America today in education, health, and jobs.
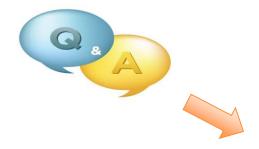

What We Do

- **Identify:** what are the challenges?

- **Ideate:** what are the best solutions?

- **Activate:** what is the plan for action?

- **Test:** how does it work in practice?

- **Scale:** how can it lead to transformative change?

Program Process & Tools

Convening

Virtual Engagement

State policy recommendations

Goals for Fellows

- Develop competence, confidence and credibility among peers and policy makers
- Gather and share teacher perspectives in their region to actively improve education policy decisions
- Expose teachers to state and local education policy
- Create a network that promotes sharing of teacher practice
- Build collaborative relationships among teachers and administrators in order to improve policies that shape learning for students and adults within a system

Our Story

Gather and Share Data

2016-17

- Understanding Student Access to Equitable Learning Opportunities

- Building Relational Trust Among Teachers and Building Administrators

- Improving Communication at the Local, District and State Levels

2017-18

- Providing opportunity and access for our students in our schools and communities

- Making instructional decisions based on students' lives outside of school

- Developing relationships with local and regional employers that lead to student success

Engaging Peers, the Public
