**Subject:** 2008 Bus Purchase Recommendation

This is a request for the purchase of one (1) 2008 school bus. This bus would make it possible for Todd County to have a more safe, efficient and dependable transportation system.

Todd County has fifty-five (55) buses in its fleet at the present time.

It is my recommendation that Todd County Board of Education purchase the following:

1 - 78 passenger – DT466 International	(\$81,471.00)
2 - Storage boxes	(\$1,880.00)
<b>TOTAL</b>	<b>\$83,351.00</b>

As you are aware, new buses are depreciated out over 14 years with total reimbursement rate of 124%.

Thank you for consideration of this request. If you have any questions, please contact me.
