

# STAGE RECONSTRUCTION

Andrew Puckett, Reece Sistrunk & Keagan Robinson

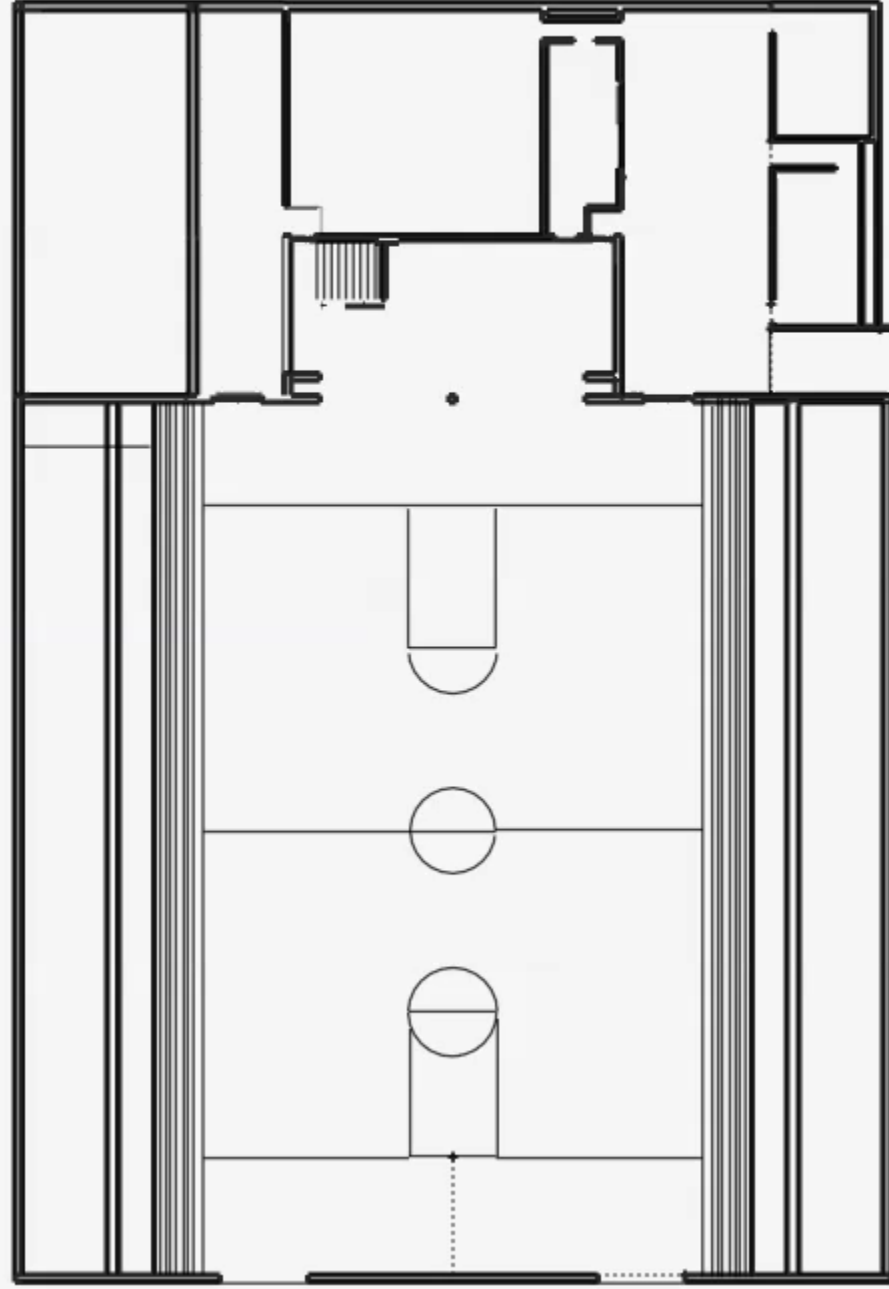

# Problem

- This past year we were approached by our former Assistant Principal Mr. Gambert, who gave us this project in hopes we could turn a unused space into a multipurpose area
- How can we decrease the traffic of people in the cheerleading and concession areas?
- How can we modernize the viewing area of the gym?
- How can we publicize Jeffersontown high school in a positive and fresh manor?

# CURRENT SETUP

This space hasn't been used for 17 years and currently used as storage.
