DATA NOTES:

A complete statewide dataset was provided to CEEP by Cayen Systems, Inc. The first request was made on August 28, 2017 and subsequent requests between September 12, 2017 and October 12, 2017.

Site level data are compared to data from the prior year if programming was provided in that year.

In some cases, percentages round to 0 (e.g., 1 out of 300).

Students with unknown grade level, special education, and free/reduced lunch specifications are included in the analysis. For example, in the Cayen system, grantees may select “unknown” as a designation in these categories.

* The total # of summer and school year students does not equal the total # of summer students plus the total number of school year students because students may have attended both.

**The Teacher Survey represents the proportion of students who improved behavior relative to the number of students rated as needing to improve. Students rated by teachers as "Did Not Need to Improve" are excluded from these calculations.

***Data is self-reported and comes from the KY 21st CCLC Data Verification 16-17 Form that was administered to grantees.

Table 1. Grade Scale Types and Thresholds for Analysis
