Phase III: Executive Summary for Schools

Executive Summary

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

JT Alton has a school population of around 670 students in grades 6th through 8th. It is situated in the small town of Vine Grove. There have been no major changes within the community over the past 3 years, however Vine Grove is located adjacent to Fort Knox military base which causes our school to have a very transient student population. We have 53% of our students on Free/Reduced lunch, 40% minority, 65% of our students are in the non-duplicated group and 12% of our students have IEPs.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

JTA has made great strides in the areas of Math over the past 3 years. In 14-15 we had 38.2% P/D and in 16/17 we had 43% P/D. The subject areas of Reading, Social Studies and Writing have been somewhat fluctuating over the past 3 years. From the 14-15 school year to the 16-17 school year all 3 of those subject areas showed growth one year then declined the next or vice versa. With Writing being our biggest down slide in 16/17 our areas for improvement include Writing as our top priority subject wise. Targeting our GAP groups in all areas while maintaining more consistency within the areas of Reading and Social Studies.
