

Counselor's Corner

December 2017

- All 8th grade students have submitted applications for high school for the 2018-2019 school year. Eight Southgate students applied to Bellevue High School, and three students applied to Highlands High School. We hope to have confirmation letters for each student by January.
- The 7th/8th grade students visited Bellevue High School on Friday, December 1st. They got to tour the school, meet and talk with current students and teachers, visit elective classes, and learn about the high school experience. The students enjoyed this field trip!
- 46 Southgate students received individual counseling from Ms. Weber in the month of November.
- All classroom guidance curriculum concluded this month. Ms. Weber is working to compile post-test data to assess the efficacy of the curriculum in grades 4-8. The results for Grade 4 are attached.
