Lesson Plans

Sam Swope JA BizTown is a simulated city built, populated, and governed by kids. On the very first day of their very first jobs, students experience applying and interviewing for jobs, keeping a work schedule, managing personal budgets, and opening a small business. With the ultimate objective of securing and paying off a business loan, JA BizTown is an invaluable experience that prepares children to participate successfully and responsibly in finance and business as an adult.

Lesson plans are available on the Junior Achivement webpage. Additionally, all activities connect with Common Core and standards for 5th grade students, as well as economics. It will connect with College and Career Readiness that will be hosted the previous week.
