## **Lesson Plans**

The SkillsUSA Club will be taking a tour of the Corvette Museum to learn more about the many different careers that they have to offer.

### **Career Awareness**

The National Corvette Museum is the perfect place for students to explore career options. In addition to being a popular tourist attraction, we are like a mini city with a caf  , theater, store, insurance agency, an auto repair facility, a library and archives and a world-class race track. To support these businesses, we have administrative and accounting offices along with IT and marketing professionals. During the tour, students meet with our professionals and discuss their career, requirements and job opportunities. (2 hours)
