Owensboro, KY 42303

Dear Jarrod,

On behalf of Family First and the Livingston County Board of Education, we thank WellCare Health Plans, Inc. for a sponsorship contribution of \$3,000 in support of the Parent Café Initiative. This project will begin preliminary planning in May 2018, and conclude before May of 2019 throughout various Livingston County locations. The funds will help to underwrite the costs of training/consultation, food, childcare, and materials/supplies. With your support we fully anticipate addressing our goal of hosting an environment that promotes and develops transformative conversations that promote well-being among the families and citizens of our community, specifically in the area of mental health.

The members of the Health Connections Council would like to extend our appreciation to Wellcare Health Plans, Inc.

Regards,

Stephanie Henson, MSSW
Family Resource Youth Services Center Coordinator
Director of Community Education
