#### Trane, U.S. Inc. Contract for Guaranteed Energy Savings Project

The Guaranteed Energy Savings Committee recommended the Board enter into a contract with Trane, U.S. Inc. for the Guaranteed Energy Savings Project based on a district-defined scope of the project, alignment with district expectations and financial impact to the district. Responsive proposals were received on February 13, 2018, from Trane, U.S. Inc. and Performance Services, Inc. The committee met on several occasions to review and discuss all aspects of the proposals. The committee developed a collective list of energy conservation measures proposed by each vendor along with the financial impact for these recommendations. A list of these measures was included for review, along with the proposed financial structures for each proposal.

#### iLEAD - Automation Economy Resolution

Presented was a Resolution for review and approval. The Superintendent has been in discussions with other OVEC superintendents and staff about the possible creation of a second iLEAD Academy modeled on the same successful model in Carroll County, but in partnership with Bullitt, Shelby, Spencer, and Jefferson Counties. The planning and opening will be paid for with grant funding, should the funding be approved. One funding request has already been submitted by OVEC to the New Schools Venture Fund and had advanced to the final round of consideration. A second funding source, the New Skills for Youth grant through KDE is also open. This grant required the resolution be approved by the local Board of Education of proposed participating districts. The resolution does not bind the Board to participate in the project, but only in the planning process that may lead to the development of a new option for excellence for our students. Dr. Davis has spoken with Mr. Bacon regarding this resolution, since the planning will occur after he becomes superintendent, and he is also in support of approving this resolution.

#### **PRESENTATIONS**

- 2018-104- Members of the Student Learning Department presented information regarding academic achievement.

#### **ADJOURNMENT**

- 2018-105- Motion made by Diane Thompson, seconded by Lorraine McLaughlin, to adjourn at 6:55 p.m. All members voted YES.
