Re: Permission to use Nichols Driveway and Parking

The Bullitt County Kiwanis Club has offered to renovate the old baseball field area located behind Nichols Elementary School into a walking track and a pavillion for a Farmers' Market. As you are aware, the fields have been unused for years. The field and area are still owned by West Bullitt Parks and Recreation, though the group is not active.

I request that the Board grant permission to use the driveway and parking lot at Nichols Elementary School as needed and when not interference with school or school events as a public service to the community so that citizens may visit a Farmers' Market, Utilize the Pavillion, and access the walking path to be constructed on West Bullitt Parks and Recreation's property. It is agreed that there will be no alcohol or other controlled substances sold or used on the property.

With the new library and the renovated Nichols Elementary, this addition will make the area an attractive community gathering space.
