The Breathitt County Schools district hereby assures the Commissioner of Education that:

This evaluation plan was developed by an evaluation committee composed of an equal number of teachers and administrators (KRS 156.557). (See page 3.)

The evaluation criteria and process used to evaluate certified school personnel shall be explained to and discussed with the evaluatee no later than the end of the evaluatee's first thirty (30) calendar days of reporting for employment each school year. (704 KAR 3:370)

All certified school personnel who have not attained continuing service status shall receive an annual summative evaluation and shall incorporate the formative data collected during the Kentucky Teacher Internship Program (if funded). (KRS 156.557)

All certified school personnel who have attained continuing service status shall receive a summative evaluation at least once every three (3) years. (KRS 156.557)

Each evaluator will be trained, tested, and approved in the use of appropriate evaluation techniques (KRS 156.557).

This plan requires a summative evaluation of certified school personnel to be documented in writing and to be included in the evaluatee's official personnel record. (704 KAR 3:370)

The local evaluation plan provides for the right to a hearing as to every appeal, an opportunity to review all documents presented to the evaluation appeals panel, and a right to presence of evaluatee's chosen representative (KRS 156.557).

The evaluation plan process will not discriminate on the basis of age, race, color, national origin, religion, sex, disability, or any other protected characteristic, as required by all applicable federal, state, and local law.

The local board of education shall review, as needed, the district's certified evaluation plan to ensure compliance with KRS 156.557 and this administrative regulation. If a source of evidence is added or removed from the certified evaluation plan or if a decision rule or calculation is changed in the summative rating formula, the revised certified evaluation plan shall be reviewed and approved by the local board of education. If the local board of education determines the changes do not meet the requirements of KRS 156.557, the certified evaluation plan shall be returned to the certified evaluation committee for revision.

The local board of education approved the evaluation plan as recorded in the minutes of the meeting held on <date>. (704 KAR 3:370)

EVALUATION PROCESS OVERVIEW

The Breathitt County Board of Education will evaluate the superintendent. The superintendent's evaluation process shall be developed and adopted by the local board of education.

The superintendent or designee will evaluate district administrators, principals, central office administrators, and other district certified personnel.

Principals or designee will evaluate assistant principals, guidance counselors, speech therapists, school based resource teachers, classroom teachers, and all other staff assigned to their school.

All Final Summative Evaluations shall be completed by the scheduled due dates below.

Due Dates: These are the dates the Final Summative Evaluations are due. The due dates for all certified staff are detailed below.

March 31	All certified employees non-renewed for cause
April 15	All certified staff on an annual cycle (school and district level) (KTIP/through year 4)
May 15	All certified staff on a 3-year cycle (school and district level)
June 15	All administrative and counseling staff

Orientation

An orientation session to acquaint certified employees with the evaluation process will be conducted by administrators within the 30 calendar days of reporting for employment for the school year. All employees who are newly hired during the school year will receive training within their first 30 days of reporting for employment. [704 KAR 3:345 (5) 2]

This annual review shall be an explanation and discussion of the contents of the evaluation plan handbook, including the Performance Criteria and district approved forms and/or state platform reporting responsibilities. Each building principal is responsible for explaining to building personnel the Framework Measures along with any additional performance criteria that are building specific, based on the school's improvement plan, professional development training the staff has attended, or other factors.

The immediate supervisor shall be designated as the primary evaluator. At the school level this will be the chief building administrator, though additional trained administrative personnel may be used to observe and provide information to the primary evaluator.

Professional Growth Plan

An individual Professional Growth Plan (PGP) for all certified staff below the level of Superintendent shall be developed and/or revised annually with reflection and review occurring throughout the year. Development of the professional growth plan is the responsibility of both the evaluator and the evaluatee. Provisions for the Superintendent's Professional Growth Plan are subject to KRS 156.111.

Late hires will receive required overview of CEP within the first 30-working days of employment. Self-reflection and PGPs will be documented in district approved forms 60-working days from CEP overview in calendar year. All late hires must submit self-reflection and PGP.

Formative Data Collection

The formative evaluation is a continuous cycle of collecting evaluation information and interactive to provide feedback with suggestions regarding the certified employee's professional growth performance.

Summative Evaluation

The summative evaluation is a summary of, but not limited to, all evaluation data including formal and informal observations, written documentation, and the PGP. Four measures, Planning and Preparation, Environment, Instruction/Delivery of Service, Professionalism are used for the Summative Evaluation process.

During the summative evaluation conference, the evaluator shall review and discuss each of the Framework Measures and indicate level obtained based on the framework rubric, along with any comments regarding needed growth. The district approved Summative Evaluation form is signed by both the evaluator and the evaluatee. The evaluatee may attach additional comments to the evaluation, which will become part of the official personnel file of the evaluatee. A copy of the summative evaluation will be provided to the evaluatee. The Breathitt County Schools Evaluation Tracking form will accompany Summative Evaluation forms received from each primary evaluator.

Professional Growth Plan and Evaluation Cycle

Evaluation of Intern Teachers shall adhere to the guidelines of the Kentucky Teacher Intern Program (KTIP). These include but are not limited to frequency and number of observations; requirements related to teacher mentoring and intern projects; and the specific evaluation forms. Intern teachers involved in KTIP must participate in district required PGP process, including relevant growth goal requirements.

Teachers and other professionals shall be evaluated according to the requirements in this CEP.

Principal and assistant principals shall have a Summative Evaluation annually according to the Principal Professional Growth and Effectiveness System. Counselors, school psychologists, and other non-teaching certified personnel shall have a Summative Evaluation annually according to the Other Professional Growth and Effectiveness System. Certified Central Office Administrators shall have a Summative Evaluation annually according to the Administrative Standards: Vision; School Culture and Learning; Management; Collaboration; Integrity, Fairness, and Ethics; and Political, Economic, Legal. (See Appendices for forms.)

Corrective Action Plan Process

A Corrective Action Plan (CAP) **MAY** be written at any time during the school year, but **MUST** be written if a teacher falls in the "Ineffective/Low" range of teacher performance on the Summative Evaluation form.

A **CAP** may be developed for two purposes:

- I. when improvement is needed to correct one (1) or two (2) critical deficiencies in the teacher framework measures that cannot wait for the formal full observation and summative conference;
- II. after the formal full observation and during the summative evaluation conference. When the CAP is developed during the summative conference, no more than 3 or 4 specified areas should be denoted for improvement at any given time. When the evaluatee meets specified areas others may be added.

Corrective Action Plans will be reviewed on an ongoing basis until performance is judged to meet the standards of performance criteria. Review of corrective action plans will be documented on the CAP form. After a conference with the evaluatee, the evaluator will send a copy of the CAP to the CEP supervisor. The CEP supervisor will be responsible for informing the Superintendent of all persons involved in the corrective action process.

Employees who fail to make sufficient progress to meet required performance criteria outlined in the CAP will not be recommended to the Superintendent for rehire. If the Superintendent chooses to dismiss the employee, the employee will be notified by **April 30th**.

Responsibilities for Evaluation

- The Breathitt County Board of Education will evaluate the Superintendent.
- The Superintendent or his/her designee will evaluate building administrators and central office personnel.
- Building administrators will evaluate guidance counselors, librarians, teachers, and other certified personnel (related service personnel, school psychologist) for whom they are designated the immediate supervisor.

The primary evaluator may delegate observations to a properly certified evaluator. However the primary evaluator is still required to review, have input, and concur with the findings of the designee AND shall conduct the summative conference and sign the summative evaluation feedback instrument.

See Appendix E for All Certified Employees' Corrective Action forms.

Sources of Evidence/Kentucky Framework for Teaching (FfT) with Specialist Frameworks for Other Professionals

The Kentucky FfT is supports student achievement and professional practice through the measures of:

Framework for Teaching and Specialist Framework

Planning and Preparation
Environment
Instruction/Delivery of Service
Professionalism

TEACHER FRAMEWORK				
PERFORMANCE MEASURES	PLANNING	ENVIRONMENT	INSTRUCTION	PROFESSIONALISM
Performance criteria: KY FfT	<u>Domain 1</u> Planning & Preparation	<u>Domain 2</u> Classroom Environment	<u>Domain 3</u> Instruction	<u>Domain 4</u> Professional Responsibilities

SPECIALIST FRAMEWORK				
PERFORMANCE MEASURES	PLANNING	ENVIRONMENT	INSTRUCTION	PROFESSIONALISM
Performance criteria: KY FIT	<u>Domain 1</u> Planning & Preparation	<u>Domain 2</u> The Environment	<u>Domain 3</u> Delivery of Service	<u>Domain 4</u> Professional Responsibilities

The Frameworks also include themes such as equity, cultural competence, high expectations, developmental appropriateness, accommodating individual needs, effective technology integration, and student assumption of responsibility. They provide structure for feedback for continuous improvement. Evidence documenting professional practice is situated within one or more of the four measures of the framework. Performance is rated for each component according to four performance levels: Ineffective, Developing, Accomplished, and Exemplary. The summative rating is a holistic representation of performance, combining data from multiple sources of evidence across each measure.

The use of professional judgment based on multiple sources of evidence promotes a holistic and analysis of practice. Evaluators consider how educators apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual educator performance, such as: school-specific priorities that may drive practice in one measure, an educator's number of goals, experience level and/or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings.

- Professional Growth Planning and Self-Reflection
- Observation
- Additional evidence of practice

Components and sources of evidence will be collected to support and inform the SUMMATIVE RATING on district approved forms.

KTIP Evaluation Process

Evaluation for intern teachers shall be conducted in compliance with the Kentucky Teacher Internship Program.

Classified Preschool Teachers Evaluation Process

Preschool teachers, who are classified employees, will be evaluated using the "Classified Employee Evaluation Plan." These teachers will develop PGPs and Self-Reflection.

PROFESSIONAL PRACTICE

Self-Reflection and Professional Growth Planning

The teacher (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus; (2) collaborates with his or her administrator to develop a professional growth plan and action steps; (3) implements the plan; (4) regularly reflects on the progress and impact of the plan on his or her professional practice; (5) modifies the plan as appropriate; (6) continues implementation and ongoing reflection; finally, (7) conducts a summative reflection on the degree of goal attainment and the implications for next steps.

The Professional Growth Plan addresses realistic, focused, and measurable professional goals. The plan connects data from multiple sources including classroom observation feedback, data on student growth and achievement, and professional growth needs identified through self-assessment and reflection. In collaboration with the administrators, teachers identify explicit goals which drive the focus of professional growth activities, support, and on-going reflection.

- ♦ **All Teachers and Other Professionals participate in self-reflection and professional growth planning each year.**

All certified employees—teachers and other professionals—will document self-reflection and professional growth planning by **October 31st** and the final annual review shall be completed by **April 30th** of each year. The plan shall be reviewed on a continual basis by the evaluator and evaluatee. (See **Appendix A** for Reflective Practice & Professional Growth Planning Template and sample goals.

****Late Hires**—Self-reflection and PGP will be submitted 30 working days after reporting to work. The evaluator will determine dates for ongoing self-reflection.

****Leaves of Absence** Evaluation requirements remain the same for certified employees on leave of absence; however, timelines may be adjusted as needed. Adjusted timeline shall be developed by the evaluatee and evaluator. Timeline may be modified with school-year calendar modifications. In extreme cases, the summative cycle may be suspended until the next year.

OBSERVATION OF TEACHING AND LEARNING FOR TPGES AND OPGES

The observation process is **one** source of evidence to determine educator effectiveness for each certified teacher/other professional. Supervisor observations provide *documentation* and *feedback* to measure the effectiveness of professional practice. Through observations, supervisors observe indicators and teacher evidence around Measures I and IV. Observations may begin after the evaluation training takes place within 30 calendar days of reporting to work each school year.

Observation Model

- Certified Evaluation Plan orientation/training for certified staff takes place within the first 30 working days. Observations may begin at any time after the initial evaluation training.
- A minimum of three observations will occur during the summative cycle
 - three by the supervisor – 2 partial and 1 full
- Two (2) of the supervisor's PARTIAL observations (minimum of 20 minutes) may be unannounced. The observer will make note of components observed in order to identify "look fors" in the next observation session.
- Final observation is a full observation.
- Evidence of observations will either be found in the forms found in Appendix A.

****Late hires**—Adjusted timeline shall be developed by the evaluatee and evaluator. Timeline may be modified with school-year calendar modifications.

****Interns** will only be required to meet **KTIP** requirements.

Observation Schedule

Teachers and Other Professionals on a One (1) Year Cycle		
(Minimum of 4 Observations EACH year)		
Observation Type	Observer	Timeline
Partial #1	Administrator	After the initial evaluation training and before November 1st
Partial #2	Administrator	A minimum of ten (10) instructional days after the 1st partial observation and by the end of the 1st semester
Full Observation	Administrator	Prior to April 30th

Teachers and Other Professionals on a Three (3) Year Cycle		
(Minimum of 4 Observations during the 3-year cycle)		
Observation Type	Observer	Timeline

Partial #2 - Year 2	Administrator	After the initial training and prior to April 30th
Full – Year 3	Administrator	Prior to April 30th

***Leaves of Absence** – Evaluation requirements remain the same for certified employees on leave of absence; however, timelines may be adjusted as needed evaluatee and evaluator.

****Late Hires** must have a minimum of a partial administrative observation (no less than 20 minutes) and a full observation by **April 30th**. Adjusted timelines should be developed by evaluatee and evaluator. Late hire must have missed a minimum of 60 consecutive school days to make adjustments.

OBSERVATION CONFERENCING

Observers will adhere to the following observation conferencing requirements:

Pre-Observation Conferences

- Partial Observations will not require a pre-conference unless requested by the evaluator or evaluatee.
- Full observations will require a face-to-face pre-conference with the observer. The pre-conference will be held within 1 to 5 instructional days before the observation.

Post Observation Conferences

- Post-observation conferences will be conducted within five (5) instructional days for both the partial observation and the full observation. Post conferences for partial observations shall include written feedback that is communicated by the observer electronically or a face-to-face conference with the observer.
- Post conferences conducted after full observations will be face-to-face with the observer.

Summative Evaluation Conference

- The summative evaluation conference shall be held at the end of the summative evaluation cycle and documented in the state approved technology platform on the Summary of Evidence tab no later than the end of April.
- A printed/signed copy of the Summary of Evidence form completed during the conference shall be given to the evaluatee and a copy shall be sent to the Central Office to be placed in the evaluatee's personnel file.

OBSERVER TRAINING

Administrators serving as a primary evaluator must complete the district approved observation platform (i.e. AdancEd eleot) certification training and renew when certification expires.

DETERMINING OVERALL PERFORMANCE CATEGORY FOR TEACHERS AND OTHER PROFESSIONALS

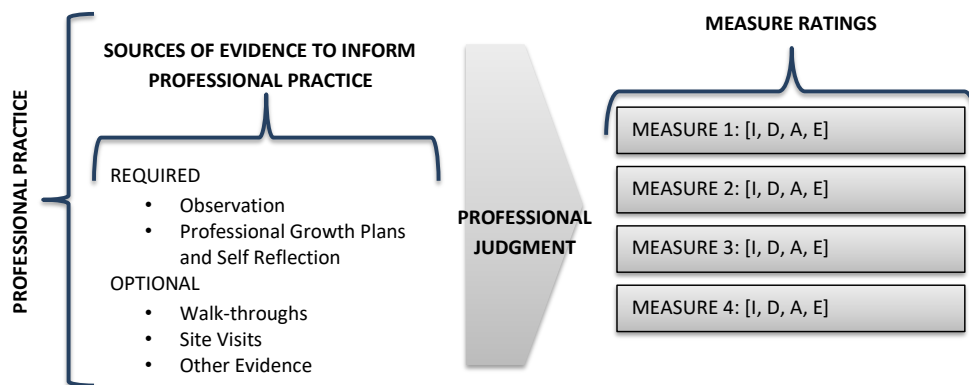

Supervisors are responsible for determining a Summative Rating for each teacher at the conclusion of the summative evaluation year based on professional judgment informed by evidence that demonstrates the educator's performance.

RATING PROFESSIONAL PRACTICE

The Breathitt County Schools rubric provides educators and evaluators with descriptions of practice associated with specific measures. The process concludes with the evaluator's analysis of evidence and the final assessment of practice in relation to performance described under each Measure at the culmination of an educator's cycle. Supervisors and educators will be engaged in ongoing dialogue throughout the evaluation cycle.

- ♦ Provide a summative rating for each measure based on evidence.
- ♦ All final ratings must be recorded in the district-approved platform.

I=Ineffective, D=Developing, A=Accomplished, E=Exemplary

DETERMINING THE SUMMATIVE RATING (I, D, A, E)

An educator's Summative Rating is determined using the following steps:

- ♦ **Determine the individual measure ratings through the use of sources of evidence and professional judgment.**
- ♦ **All summative ratings must be recorded using district approved forms.**

MINIMUM FOR DETERMINING AN EDUCATOR'S SUMMATIVE RATING

IF ...	THEN the <u>Summative Rating</u> shall....

PROFESSIONAL GROWTH PLAN AND SUMMATIVE CYCLE

Based on the Summative Rating, the type of Professional Growth Plan (future growth planning) and the length of the summative cycle is determined using the chart below. Using the ratings for the four measures, Planning, Environment, Instruction, and Professionalism, teachers will receive a summative rating based on the chart on the previous page.

Overview and Summative Model

The following graphic outlines the summative model for the Principal Professional Growth and Effectiveness System.

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a principal. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment must be grounded in the common framework.

PRINCIPAL FRAMEWORK

PRINCIPAL FRAMEWORK				
PERFORMANCE MEASURES	PLANNING	ENVIRONMENT	INSTRUCTION	PROFESSIONALISM
Performance criteria: Kentucky Principal Performance Standards	<u>Standard 3</u> Human Resource Management	<u>Standard 2</u> School Climate	<u>Standard 1</u> Instructional Leadership	<u>Standard 6</u> Professionalism
	<u>Standard 4</u> Organizational Management	<u>Standard 5</u> Communication & Community Relations		

The Principal Framework is designed to support student achievement and professional best-practice through the standards of Instructional Leadership; School Climate; Human Resource Management; Organizational Management; Communication & Community Relations; and Professionalism. Included in the Performance Standards are Performance Indicators that provide examples of observable, tangible behaviors that provide evidence of each standard. Evidence supporting a principal's or assistant principal's professional practice will be situated within one or more of the six standards. Performance will be rated for each standard according to the four performance levels: **Ineffective, Developing, Accomplished, and Exemplary**. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

The use of professional judgment based on multiple sources of evidence promotes a more comprehensive analysis of practice. Evaluators will also take into account how principals respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual principal performance, such as school-specific priorities that may drive practice, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories to determine overall ratings:

- Professional Growth Planning and Self-Reflection
- Site Visit Reports

Principals and Assistant principals will participate in Certified Evaluation Plan Orientation/Training within the first 30 calendar days of reporting to work.

Assistant Principal Requirements

- Professional Growth and Self Reflection- (Completed Independent of the Principal)
- Evaluated by the Principal annually: (Principal Performance Standards; same summative)

PROFESSIONAL GROWTH PLANNING AND SELF-REFLECTION

Completed by principals & assistant principals

The Professional Growth Plan will address realistic, focused, and measurable goals. The plan will connect data from multiple sources including site-visit conferences, data on achievement, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing consideration of the impact of leadership on achievement.

Required:

- ♦ **All principals will participate in self-reflection and professional growth planning each year.**
- ♦ **All assistant principals participate in self-reflection and professional growth planning yearly.**

The principal/assistant principal

- (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus;
- (2) collaborates with his or her supervisor to develop a Professional Growth Plan;
- (3) implements the plan;
- (4) regularly reflects on the progress and impact of the plan on his or her professional practice;
- (5) modifies the plan as appropriate;

- (6) continues implementation and ongoing reflection; and
- (7) conducts a summative reflection on the implications for next steps.
- By **September 30th** of each school year, all Principals/Assistant Principals will have conducted their self-reflection on survey results and performance standard, and developed their PGP.
- The following documents must be completed and turned into Superintendent by **September 30th**:
 - Reflective Practice
 - Professional Growth
- Late hires will complete all components of PPGES, however timelines may be adjusted. Self-Reflections and PGPs submitted no later than the first 30-calendar days of reporting to work.

Site visits allow the superintendent/designee to gain insight into the principal's practice in relation to the standards. During a site visit, the superintendent/designee discusses various aspects of the job with the principal, and uses the principal's responses to determine issues to further explore with the faculty and staff. Additionally, the principal may explain the successes and trials the school community has experienced in relation to school improvement.

Assistant Principal

Site visits are a method by which the building principal may gain insight into the assistant principal's practice in relation to the standards. During a site visit, the building principal will discuss various aspects of the job with the assistant principal, and will use the assistant principal's responses to determine issues to further explore with the faculty and staff. Additionally, the assistant principal may explain the successes and trials the school community has experienced in relation to school improvement.

Required for Assistant Principals (conducted by Principal) and Principals (conducted by Superintendent/Designee):

- ♦ Conducted at least twice each year prior to May 30th.
- ♦ One site visit will occur each semester. (See timeline above.)
- ♦ Conferences will occur either immediately following the Site-Visit or not more than 5 work days after the Site-Visit to discuss progress on Principal Performance Standards, based on Site-Visit observations.
- ♦ Evidence from Site-Visits will be documented either in the state-approved technology platform or by using the document in Appendix C.
- ♦ Late hires will have both Site-Visits completed prior to **May 30th**. However the timeline for site visits may be adjusted.

Timeline for site visits:

- ♦ Fall

Sample Professional Growth Goals

Each goal and action plan together should answer the following questions. The goal samples that follow include reference to the actions to be taken in order to meet the goal.

1. What do I want to change about my practice that will impact student learning?
2. How can I develop a plan of action to address my professional learning?
3. How will I know if I accomplished my objective?

<p>Any content area – student engagement</p> <p>For the 2012 – 13 school year, I will improve my ability to engage students in their learning by attending and implementing Rigor and Relevance training, researching and implementing strategies for engaging students in rigorous learning, and refining my use of student involved formative assessment practices. These will be measured through pre and post assessments, student work samples, interim assessments, observations and conferences, and self-reflection.</p>	<p>Any Content area – learning styles</p> <p>During the 2012-2013 school year, I will increase student engagement by using a learning styles inventory with every student and designing lessons that address the different styles within my class. I will research teaching strategies to engage the different learning styles and study <i>So Each May Learn</i> by Silver. Measures of success will include student work products, observation, and student and teacher self-reflection.</p>
<p>Science</p> <p>For the 2012 – 2013 school year, I will improve writing instruction in my science classroom by implementing and reflecting on strategies learned during a summer writing workshop for teachers. I'll incorporate writing strategies for describing observations, explaining scientific phenomena, explain cause & effect occurrences, and drawing conclusions from experiments. Indicators of success will be student work samples, analysis of student's writing products, and self-reflection.</p>	<p>Any content area – formative assessment</p> <p>During this school year, I will study Classroom Assessment for Student Learning, by Rick Stiggins, and embed formative assessment practices in my daily instruction. Indicators of success will include classroom observation, self-reflection, analysis of student assessment data, and observable student engagement.</p>
<p>Reading in any content area</p> <p>During the school year, I will learn to integrate literacy strategies in my instruction. I will implement learning from a literacy workshop and from reading professional literature. Measures of success will include results from analysis of student work samples, self-reflection, student surveys, and observation.</p>	<p>Any content area - questioning</p> <p>During the school year, I will improve my questioning techniques to engage students in higher level critical thinking and problem solving. I will implement learning from study of Thinking Strategies. Growth will be evidenced through lesson plans, observation, self-reflection, and student work samples.</p>

<p>Special Education</p> <p>During the 2012-2013 school year, I will increase my knowledge of supporting students with autism. I will research on-line resources, consult with district/state/cooperative special education coordinators, observe a mentor teacher, and participate in an on-line short course on autism. This will be evidenced by notes and self-reflection, anecdotal notes on my interactions with autistic students, and the short course certificate.</p>	<p>Teacher Leadership</p> <p>This school year, I will learn best practices for mentoring new teachers in my building. I will participate in the district study group and Cognitive Coaching PD and attend a KYVL on-line course for mentoring teachers. Evidence of success will include district PD certificate, course completion certificate, mentee teacher surveys, self-reflection on mentoring opportunities.</p>
<p>Literacy Design Collaborative (LDC) teachers</p> <p>This school year, I will implement what I am learning through LDC to support students in meeting the Common Core standards. I will design action research around implementing LDC modules as intended, analyze student work, and reflect on impact on students. Success criteria includes self-reflection, student surveys, analysis of student before & after work samples, and completed modules.</p>	<p>Math Design Collaborative (MDC) teachers</p> <p>During the 2011-2012 school year, I will improve my ability to think more deeply about mathematical concepts using what I am learning through MDC about math formative assessment lessons. I will engage my students in more critical thinking and problem solving about mathematics and help students persevere when struggling to learn new concepts. This will be evidenced by formative assessment lessons student work samples, observation, and self-reflection.</p>
<p>Any content area - technology</p> <p>During the school year, I will increase student use of technology for learning in my classroom. I will collaborate with a district technology cadre to learn ways to integrate learning with technology in instruction. We will also study Kajder's book <i>Adolescents and Digital Literacies</i> and other resources. Evidence of success includes lesson plans, student work samples, and self-reflection.</p>	<p>Writing in any content area</p> <p>During the 2011-2012 school year, I will learn to incorporate online writing tools in my writing workshop. After collaborating with the technology resource teacher to investigate Google Docs and other on-line tools, my students will have opportunities to write independently, collaboratively and give/receive feedback using the tools. This will be evidenced by student writing samples, lesson plans, and reflection.</p>

Part A: Reflection on the Standards in the Kentucky Principal Professional Growth and Effectiveness System

Reflect on the effectiveness and adequacy of your practice in each of the performance standards. Provide a rating (**I = Ineffective; D = Developing; A = Accomplished; E=Exemplary**) on each standard and list your strengths and areas for growth. A complete listing of performance standards and indicators can be found at the end of this form.

Standard	Self-Assessment				Strengths and areas for growth
1. Instructional Leadership <i>The principal fosters the success of all students by facilitating the development, communication, implementation, and evaluation of a shared vision of teaching and learning that leads to student academic growth and school improvement.</i>	I	D	A	E	
2. School Climate <i>The principal fosters the success of all students by developing, advocating, and sustaining an academically rigorous, positive, and safe school climate for all stakeholders.</i>	I	D	A	E
