Re: Request to Accept Diesel Fuel and Gasoline Bids

On April 9th, 2017, at 11:30 a.m. the bid opening for diesel fuel and gasoline was held. Four companies submitted bids with the required paperwork attached. I am requesting the Board accept the following bids for the 2018-2019 school year:

Key Oil
Diesel fuel

James River Petroleum
Gasoline fuel

These bids may be renewed by mutual agreement two additional one year periods. These companies will allow the Board to receive the lowest possible prices for our needs.
