

LES Board Report

April 2018

- All students in grades K – 6 have completed their spring MAP testing in the areas of reading, math, and language usage. We are proud of our students' progress, and will share school-wide results at an upcoming school board meeting.
- Plans are being made for many great summer learning opportunities at LES. We look forward to sharing these with you at next month's meeting.
- Our students have been thriving in their various afterschool activities. The cast and crew of "Shrek Jr" presented a spectacular play over this past weekend. Their hard work and diligence over the last several months certainly paid off. Our LES Robotics team participated in the state-wide tournament in Lexington, Kentucky. They competed very well among other teams in their age groups from around our state. Our Chess Club members participated in the prestigious Queen City Classic in March and had a fantastic showing. Other clubs still running this spring are: Student Council, Gardening Club, and Running Club. We are proud of our students who are participating in the many extra-curricular activities offered here at Lincoln and are grateful to our staff members for their dedication to the groups they sponsor.
- Our Kindergarten Registration Night (March 29th) and Preschool Jamboree Event (April 18th) were both huge successes! We had a multitude of outside agencies represented at both events sharing their resources. Both events were well attended by staff members and by our newest little devils and their families.
- Our final Healthy Families Night will be held on Tuesday, May 1st from 5:30 – 7:00 pm. These year-long evening events were funded through our Healthy Living Grant awarded for this school year and planned by Mrs. Colliver and her team of volunteers. Every event has been well attended by many Lincoln families.
- Grade level teams (primary) and Content Teams (intermediate) continue ongoing curriculum work - Flashback Analysis, Live Scoring, Curriculum document revision, Analyzing student work, etc. These on-going comprehensive and collaborative conversations and work are leading to our increased knowledge of individual student progress.
- Important Upcoming Dates at Lincoln Elementary School:
 - May 14th – May 18th KPREP Testing
 - May 16th – May 18th – LES Recognition and Awards Day Celebrations
