From: Kimberly Joseph, Energy Manager 

Date: Tuesday, May 01, 2018

Re: ENERGY STAR Plaques – Harshaw Trane Presentation

In 2017, the district had 18 of its buildings earn certification or re-certification through ENERGY STAR. ENERGY STAR certification signifies that these school buildings perform in the top 25% of similar buildings across the country for energy efficiency.

Mr. Tom Abele, Vice President of Business Development at Harshaw Trane - will be here to award BCPS with formal plaques for each of our 18 ENERGY STAR buildings. The 18 buildings are:

Brooks Elementary
Bullitt Lick Middle
Cedar Grove Elementary
Crossroads Elementary
Eastside Middle
Freedom Elementary
Hebron Middle
Lebanon Junction Elementary
Maryville Elementary

Mt. Washington Elementary
Mt. Washington Middle
Nichols Elementary
North Bullitt High School
Overdale Elementary
Pleasant Grove Elementary
Roby Elementary
Shepherdsville Elementary
Zoneton Middle

Also in attendance from Harshaw Trane is Mr. Leonel Martinez-Perez, one of their top engineers, who is also a PE (professional engineer). Mr. Martinez-Perez works with me each year to get our buildings ENERGY STAR certified. Ms. Christy Fetsch is also here from Harshaw Trane. Ms. Fetsch is our current account manager for the company.

If you have any questions, please feel free to contact me.

*OK for May
