

Counselor's Corner

May 2018

- **Girls on the Run:** Ms. Weber, Mrs. Sharpe, and the Girls on the Run team completed their Community Impact Project on Tuesday, and they dug and planted a small flower bed in the area outside of the Kindergarten classroom. It was a lot of work, but the girls did an awesome job and learned a little bit about gardening in the process. The Girls on the Run **5K race** will take place this Saturday, May 12, at Paul Brown Stadium. Eleven girls and many staff members will participate in the run. It should be a great day for everyone!
- **Small Group Counseling:** Ms. Weber completed small groups with 4th grade, 5th grade (mentoring group), and 1st grade this week. The 3rd graders competed to earn lunch with Ms. Weber this last two weeks, and Mrs. McAtee chose 6 students each day who earned a special lunchtime through their work, character, and behavior. We had some interesting lunch discussions! The 7th/8th grade girls' groups also concluded this week in preparation for state testing.
- **Individual Counseling:** Thus far in the month of May, 26 students have received individual counseling services.
- **Preschool/Kindergarten Registration:** Ms. Weber attended the registration event on Monday, May 16 and was able to meet many new student and families who will be entering Southgate School next fall.
- **KPREP:** The Southgate leadership team organized two student assemblies the day prior to the start of KPREP testing to encourage and motivate the students. The students were informed of the expectations required for the "good faith effort checklist," and they celebrated their continued success with music and games.
