Sherry Robinson- Chair - District 5
Dr. Chandra Varia, Vice-Chair - District 2
Linda C. Gearheart, Member - District 1
William Newsome, Jr., Member - District 3
Rhonda Meade, Member - District 4

Information Agenda Item: Summer Food Service Mobile Route and Extended Learning contract extension for 4 school nutrition employees, a teacher and an instructional assistant.

Applicable Statute or Regulation: KRS 162.90 Powers and duties of the local board.

Fiscal/Budgetary Impact: All costs for the Summer Feeding Program Mobile Route will come through reimbursement funds generated by the program. All cost for the Extended Learning will come from Title I parent involvement for FY17 and FY18.

History/Background: Floyd County Schools will implement a Summer Feeding and Interactive Learning Mobile Route that will target housing authorities and community centers in each of the attendance areas in the county. The mobile food route will provide service from June 11th to July 27th. The instructional portion of the program will provide service from June 11th to July 6th. Community partners in the learning schedule are Floyd County Public Library, KET and PBS Kids, and Floyd County Extension Office. The most cost effective and efficient way to provide this oversight is through adding additional days for 2 school nutrition employees to deliver and serve lunch at designated sites. The additional hours for 2 staff members to deliver interactive instruction targeting children ages birth through six and their parents at each location. The instruction would include an introduction to skills, activities, and resources as well as a review or extension of these skills and resources for children and families. School nutrition and early childhood staff would complete current contracts prior to utilizing any contract extensions.

Recommended Action: Approve as recommended.
