## **Place of Departure**

Name:	Roby Elementary
Address:	1148 Highway 44 East
City:	Shepherdsville
State:	KY

## **Destination**

Name:	Chicago - Museum of Science & Industry
Address:	5700 S. Lake Shore Dr.
City:	Chicago
State:	IL

## **Lesson Plans**

This would be an additional enrichment opportunity for GT and Discovery School 7th graders only. Freedom Tours has a special arrangement with Chicago's Museum of Science and Industry to host one night (to spend the night at the museum) for only Kentucky 7th graders. The Museum is closed to the public and 7th grade Ky students have the opportunity to visit all of the exhibits (even the special, normally additional cost exhibits).

Departing from BCPS on Friday, Nov. 2, students will first visit the Field Museum of Natural History. Then, they will explore Millennium Park and then go to the Museum of Science and Industry. They will spend the night at the Museum of Science and Industry (with their sleeping bags, etc...). Students will be back on Saturday, Nov. 3rd. The two museums provide a wealth of learning resources and individual lessons can be aligned with classroom teachers. This trip would be an enrichment trip for 7th graders and not required to attend.
