RE: Board Agenda Item
District Facility Plan Amendment #2 Request

At this time, I am requesting the Board's approval to request permission from KDE to reassemble the Local Planning Committee for an amendment to the current District Facility Plan for Old Mill Elementary School. This requested amendment will include the construction of a new school as opposed to a renovation as indicated in the current District Facility Plan. With the current construction of Bullitt Lick Middle School (BG#17-148) underway, this will complete Priority 1 initiatives and we can now move to Priority 2.

Bullitt County has seen continued growth and expansion of subdivisions in the east end area and the need for a new school is inevitable. With the land acquisition last year, the District is in a position to immediately pursue the amendment to the DFP and begin planning construction of a New Elementary School.

Due to the increase in enrollment numbers at the east end schools, specifically Bullitt East High School which is over capacity and adjoins Old Mill Elementary campus, we are in need of pursuing the construction of a new 800 student elementary school with the intent of utilizing the existing Old Mill Elementary facility as an auxiliary extension to Bullitt East High School.

Attached you will find evidence of enrollment numbers for the east end schools. Please contact me should you have additional questions.

Re: Bullitt County School District Facilities Plan – Waiver Request

Dear Mr. Davis:

We are in receipt of the information submitted from your district to verify your waiver process. It has been less than eight years since you developed your last plan and upon review of the DFP it appears to accurately represent your current conditions. This aligns with the requirements noted in 702 KAR 4:180 and as such your request to waive your District Facilities Plan is approved. ~~Your next DFP submission date is June 2019.~~ We have also included the changes requested by the Local Planning Committee in the "finding" that was included as part of the waiver process.

A copy of your current plan including Amendment No. 1, Finding No. 1, and the waiver is enclosed. If there are questions regarding KDE regulations, please call us at (502) 564-4326.

Sincerely,

Gregory C. Dunbar, AIA, Manager
