Address:	700 Audubon Drive
City:	Shepherdsville
State:	KY

Destination

Name:	Wilderness at the Smokies
Address:	1424 Old Knoxville Hwy
City:	Sevierville
State:	TN

Lesson Plans

Educational Objective: Students will be attending a leadership workshop while in Gatlinburg/Sevierville through the National Jr. Beta Club where they will learn about and practice being better leaders. Students will also be able to experience the mountain ecosystem as they hike through the forest learning about various plant and animal species.

Connection to Classroom Content: The leadership summit is meant to enhance the skills these students already possess. They will be able to bring these experiences back to the other club members and the school community. They will also be able to connect to what they have learned and will be learning in several classes this year.

Instructional Follow-up after the Trip: Students will assist with Beta Club meetings to share the activities they did to allow all members the chance to enhance their leadership skills. Students will be able to bring in things

they saw and experienced to their content classes throughout the year. Our candidate for state Beta office will begin to get their name and face out to other Kentucky students to prepare to run for office in January.

How does this trip enhance learning?: Travel is the ultimate teaching tool. Giving our students a chance to travel to new places and experience new things is priceless. Several of these students may never get the chance to travel to the Gatlinburg area without this trip.
