Re: Verizon Agreement for Maryville and Overdale FRC

I have attached a request from Mrs. Esterle for her FRC to enter into an agreement with Verizon for data service. This will allow the FRC coordinator more flexibility when making home visits, and other needs that take her outside of the boundaries of the school. I would like to request Board approval, and for Mrs. Atherton to sign the agreement.

If you have any questions, please let me know.

RE: Activation of new data service for FRC

My FRC coordinator has requested the discontinuation of AT&T service. That service is currently only limited to her iPad, is aging, and will be removed from service. We would now like to request MiFi service through Verizon. The MiFi service will allow more flexibility in servicing the students and parents of Maryville, through the FRC. I approve the request to add this service, and would like Board approval. This expense will be paid with FRC funds.
