EXECUTIVE SUMMARY

MISSION STATEMENT

The mission of Woodland Elementary School is to ensure that every student, every day, learns and grows and feels like a real human being so that they are successful contributors to society.

BELIEF STATEMENT

We Believe –

- **All students can and will learn at Woodland.**
- **A quality, equitable education in a safe, orderly environment is the right of all students, including instruction by teachers who believe that each student can learn.**
- **Strong leadership, high expectations, a clear instructional focus, and a valid measurement system will help all students achieve mastery of essential skills and become life-long learners.**
- **High expectations yield positive self-esteem, acceptable behavior and optimum performance.**
- **It is the combined responsibility of the family, school, district and community to provide an environment that allows students to realize their potential and prepare them to become productive citizens.**

PROCESS USED TO DEVELOP THE COMPREHENSIVE PLAN

In May 2008, parents who attended our closing day ceremonies completed a parent survey. The results of this survey as well as input received from teachers in October 2008 assisted in completing this comprehensive plan. A professional development day was held on October 13, 2008, this provided time for our entire faculty to analyze our testing results from the 2007-2008 Kentucky Performance Report. Prior to this, we had reviewed the CSIP using the Implementation and Impact checklist. Some items were deleted while new goals and activities were added.

Components of the plan include Academic Performance, Learning, Environment, and Efficiency. As a result of this Comprehensive Plan, the school plans to achieve proficiency by 2014. This will be achieved through formal assessment of student needs, utilizing district curriculum guides and designing assessment to assure that these needs are met, and providing training and materials to teachers to help them to accomplish this mission. One way the school will assure that the Comprehensive Plan is current and relevant is to conduct an Implementation and Impact check once each semester and update the plan accordingly.

COMMUNICATION PLAN

The Comprehensive Plan and other important information will be shared with parents, teachers and community members through a variety of methods. Our SBDM minutes are posted on our school web site as well as other parent information. Parenting information sessions will be conducted through the Family Resource Center, Title I, Preschool and Extended School Services. A survey will be sent to all stakeholders as part of one of the Implementation and Impact Checks to verify their understanding of the processes and procedures involved in the Comprehensive Plan. Clarifications will follow in the form of a letter to all stakeholders.

Action Component: Academic Performance Component Manager(s): Teresa Morgan Date: October 28, 2008 School/District: Woodland Elementary/ Hardin County Schools			
Priority Need:		Goal:	
Based on NCLB data for the 2008 testing cycle, Woodland Elementary met all 13 goals. While meeting all 13 goals, we still want to reduce the gap between students who receive free and reduced lunch and those who do not.		By the end of the 2009 testing cycle, we will meet AMO in all sub-populations with the greatest growth needed by students' receiving free and reduced lunch. The goals for each population are listed below.	
<u>Reading</u> White – 62.79 African American – 63.04 Free/Reduced – 55.26	<u>Math</u> White - 55.81 African American - 48.91 Free/Reduced - 48.68	<u>Reading</u> White – 70 African American – 70 Free/Reduced – 70	<u>Math</u> White - 60 African American - 60 Free/Reduced - 60
