POLICY- INSTITUTIONAL CONTROL - MEMBERSHIP OBLIGATION - SELF REPORTING OF VIOLATIONS

- Sec. 1) Institutional Control
- a) The member school principal is ultimately responsible for all aspects of the athletic program, whether it is rules enforcement and reporting or eligibility certification. It is important that each member school through its Principal exercise the principles of institutional control in order for the Association to continue as a fully functioning membership organization and in order for the school to remain a member.
 - b) There are several principles that go into the concept of maintaining institutional control. Control shall first be defined in common sense terms and is best summarized by the school having in place the proper policies to ensure that violations do not occur, and if they do occur,

the Principal exhibiting the leadership and duty to correct the problems and prevent recurrence. In general, violations do not result from a lack of institutional control if there are adequate preventive measures in place that are properly monitored and followed, and if swift action is taken.

- c) However, there are several things that demonstrate a lack of institutional control including the failure to implement proper preventive procedures; failure by members of the designated athletic staff to thoroughly investigate and report violations; failure to adequately disseminate and distribute compliance information; failure to adequately distribute compliance duties to allow for effective control; failing to make clear to all coaches and participants that rules violations will not be tolerated; failing to fully investigate and file reports as requested when potential violations are reported; a head coach failing to create a compliant atmosphere with the assistant coaches.
- d) The KHSAA enforces its rules based on the following premises: KHSAA regulations and information are readily available to the member schools and general public; the Principal or Designated Representative properly distributes information, rules manuals, communication, forms, and other needed materials to the members of the athletics staff; that meaningful education programs are conducted within the schools to ensure compliance; student-athletes are properly informed about rules prior to and during participation. Certainly the compliance history of a school and its cooperative spirit during any investigation or inquiry will factor into any penalty decision regarding violations.

Sec. 2) Applicable Control and Self-Reporting

- a) Per KHSAA Bylaw 1, all member schools are expected to exercise institutional control within his/her school and to maintain institutional control of all phases of interscholastic athletic activities within a member school, including the activities of its student-athletes, athletic and school administration, coaching staff (paid and unpaid, head and assistant) booster clubs, parent groups, and all related entities.
- b) Exercising that control requires the submission of "self-reports" when violations are determined and full cooperation with any ongoing review of a matter related to the conduct of the interscholastic athletic program.
- c) Any self-report must be submitted on school letterhead via email attachment or provided online form and should include the following:
 - (1) Identify and list the bylaws and/or policies that have been violated; and
 - (2) Provide a description of the circumstances leading to the reported violation; and
 - (3) Provide the name of the student and/or coach (if applicable); and
 - (4) List the contests in which the student participated (if applicable); and
 - (5) State any corrective actions taken by the school to deter this situation from happening again in the school's athletic program.
- d) The Commissioner reserves the right to further review and investigate this matter or other matters with respect to potential, additional compliance issues which may be identified as a result of this communication. The association's position is to support the member school in a mentoring fashion where possible.
- e) Sanctions will be issued in accordance with Bylaw 27 when any violations are confirmed. Sanctions include what is recommended by the member school as an action, or may include any other penalty deemed appropriate by the Commissioner that is contained within Bylaw 27.

POLICY- BASKETBALL PRIME DATE SCHEDULING

Sec. 1) BACKGROUND

- a) In fairness to the participants in girls' basketball, and those within the programs including parents, students and fans, the Board of Control has developed this policy to ensure that there are opportunities for girls' basketball to be played on "prime dates".
- b) These dates are Friday night, any time on Saturday, and any time on Sunday. Compliance with this policy neither expresses nor implies that a member school is in (or not in) compliance with Title 20, U.S.C. Titles, 1681-1688, et. Seq. (Title IX).

Sec. 2) BASIC REQUIREMENT (40% rule)

- a) Each basketball season, a member school shall meet one of two alternative methods of prime date compliance with respect to the scheduling of basketball games. The member school shall:
- (1) Play at least forty (40) percent of its girls' home basketball games on a prime date, defined as Friday night, Saturday or Sunday, wherein tournaments shall only count as one game played toward this requirement; or
 - (2) Play at least forty (40) percent of its girls' basketball schedule (all games) on a prime date, defined as Friday night, Saturday or Sunday. Schools using this method must play at least one prime date game in each of the months of December, January and February.

Sec. 3) ANNUAL PRIME DATE COMPLIANCE PROCESS

- a) Each year, the KHSAA shall review all girls' regular season basketball schedules (hereinafter "current schedule"). These annual reviews shall begin with the first legal regular season playing date. Schools that are not in compliance with the forty (40) percent requirement on the first playing date shall be contacted on or before December 31 of the playing season in an effort to allow for schedule corrections or revisions to comply with the forty (40) percent requirement. The school shall be notified of the potential penalties for ~~non~~ noncompliance with this correspondence.
- b) Schedules shall be posted on the KHSAA website in the manner as instructed by the Commissioner's office prior to the published deadline. Schedules shall be accurate and include entry and designation of games that are involved in tournaments, classics, festivals and other multi-game events.
- c) At the end of the regular playing season, the schedules shall be reviewed for final compliance with the requirement.

Sec. 4) PENALTY FOR NONCOMPLIANCE WITH THE PRIME DATE REQUIREMENT

- a) Based on the final review at the end of the regular season, if a member school's total home games for girls' basketball do not comply with the forty (40) percent requirement, and this is the first such violation by the member school, this violation shall result in a penalty in compliance with Bylaw 27.
- b) Based on the final review at the end of the regular season, if a member school's total home games for girls' basketball do not comply with the forty (40) percent requirement, and this is not the first such violation by the member school, additional penalties shall be applied in

compliance with Bylaw 27 including the cancellation of contests in sports other than girls' basketball.

POLICY- RECOMMENDED OPTIONAL PRIME TIME BASKETBALL SCHEDULING

Sec. 1) PRIME TIME SCHEDULING

- a) Prime time scheduling is a means to ensure fairness to the students, particularly girls, who perhaps have had disadvantaged scheduling in the past.
- b) More scheduling equity can be accomplished by scheduling boys' and girls' basketball games on separate nights with prime time starts for both or by scheduling doubleheaders and alternating boys' and girls' start times.
- c) The following schedule is recommended in the event that double headers are used to meet the Prime Date Requirement.
 - 1) One doubleheader (Optional As To Which Team Plays Second)
 - 2) Two doubleheaders (Girls Game Recommended to Be Second At Least Once)
 - 3) Three doubleheaders (Girls Game Recommended to Be Second At Least Once)
 - 4) Four doubleheaders (Girls Game Recommended to Be Second At Least Twice)
 - 5) Five doubleheaders (Girls Game Recommended to Second At Least Twice)
 - 6) Six doubleheaders (Girls Game Recommended to Be Second At Least Three Times)
 - 7) Seven doubleheaders (Girls Game Recommended to Be Second At Least Three Times)
 - 8) Eight doubleheaders (Girls Game Recommended to Be Second At Least Four Times)
 - 9) Nine doubleheaders (Girls Game Recommended to Be Second At Least Four Times)
 - 10) Ten doubleheaders (Girls Game Recommended to Be Second At Least Five Times)

POLICY- AMENDED FEDERAL CONSENT DECREE OF 1971 (AMENDED 1987, 2008)

1. As provided by KRS 156.070, the State Board of Education, under its general powers and duties, has the management and control of the common schools. It is the judgment of the court that this responsibility and control cannot be avoided or relegated to the Kentucky High School Athletic Association and that the Board is accountable to see that the Kentucky High School Athletic Association, acting in a ministerial capacity, shall observe the requirements of the law in fostering and encouraging the participation in athletics of all who desire to so participate irrespective of race or color. Such participants shall be given a full and equal opportunity to have positions and places of responsibility in the high school athletic program in all its phases.
2. The Kentucky High School Athletic Association shall continue under its rules and by-laws in the structure of its present organization subject to the directives of this decree.
3. The constitution and by-laws of the Kentucky High School Athletic Association shall be changed and modified as follows:
 - (a) The members of the Board of Control shall be elected for a period of four years as now provided. There shall be 12 members of the Board of Control, at least two of which shall be black, and at least two of which shall be female.
 - (b) The Commission shall be composed of a Commissioner and four or five Assistant Commissioners, at least one of which shall be black and at least one of which shall be female.
 - (c) The Delegate Assembly shall not be limited in its membership to Principals of accredited secondary schools of good standing in the Kentucky High School Athletic Association, but shall be composed of Administrators, Principals or faculty members of schools or school systems. While it is not practical to require a percentage of blacks to be named as Delegates, the districts shall bear in mind that a reasonable proportion of the Delegate Assembly shall be blacks.
 - (d) Where the use of registered officials is required, the officials for each athletic contest in football, basketball and baseball shall be selected and shall be given to the schools involved at a reasonable time before the contest. Any head coach who objects to the selection of a certain official or officials to serve in contests in which his team will participate shall have a right to file a written protest with the Commission if filed a reasonable time before the contest. What is a reasonable time to be determined by the Commission. The Commission shall have a right to make any changes as it deems appropriate and in the best interest of the sport. It is recognized that to make out such a schedule is a very involved and tedious task and the Commission shall have authority to employ any assistance as it feels proper, subject, of course, to its supervision.
4. The Association shall establish a list of qualified officials to officiate in all high school sports and shall require that only such officials may officiate in interscholastic athletic competition. It may classify officials as Level 1, Level 2 and Level 3 and in so doing may adopt the standards now employed by the Association.
5. Pursuant to paragraph 5 of the original Decree herein filed Kentucky High School Athletic Association was required to take affirmative action to recruit black officials in the sports of basketball, football and baseball and was further required to report to the court within 60 days from the date of the original Decree concerning such action. An affidavit has been filed in the record herein on November 15, 1971, showing the results of such action. Kentucky High School Athletic Association shall make available to all persons so recruited academic and practical training, including participation as officials in practice, junior varsity and similar contests. The objective shall be to cause such persons to become fully qualified to participate as officials in varsity contests as soon as practicable.
6. The Second Amended Answer of defendants, Kentucky High School Athletic Association and Ted Sanford, pleading the amendment of Article IV, Section 2(a) of the Constitution of Kentucky High School Athletic Association be and it is hereby ordered filed and entered of record herein.
7. Plaintiffs herein represent of record all blacks constituting a class so numerous to make it impracticable to bring them before this court. The questions of law and fact affecting the rights of those plaintiffs raised herein by pleadings and proof are common to all blacks and are typical of the claim of the class of blacks. Therefore plaintiffs herein represent of record as a class all blacks as a whole.

The Court is fully aware that at this date the high school football season is well advanced and it is not practicable to undertake to invoke the changes directed by this decree to apply to the high school football contests. The football season may proceed to its ultimate conclusion under the plan now in effect as provided by the Kentucky High School Athletic Association Constitution, Bylaws and tournament Rules 1970-

71. In all other respects this decree is effective as of the date it is signed by the Court.

- (1) Assigning Secretary selection shall annually be completed and executed by the KHSAA Commissioner or Supervisor of Officials after receiving a recommendation(s) from the RPB. The recommendation of the RPB shall not be considered binding on any party;

POLICY- SPORTS MEDICINE - PROTOCOL RELATED TO CONCUSSIONS AND CONCUSSED STUDENT-ATHLETES FOR ALL INTERSCHOLASTIC ATHLETICS IN THE COMMONWEALTH OF KENTUCKY

(Released: June, 2010, Commissioner Julian Tackett, Updated per General Assembly Action, April, 2012, Reviewed per General Assembly Action, April, 2017)

Sec. 1) INTRODUCTION

- a) In various sports playing rule codes, the National Federation of High Schools (NFHS) has implemented standard language dealing with concussions in student-athletes. The basic rule in all sports (which may be worded slightly differently in each rule book due to the nature of breaks in time intervals at contests in different sports) states:
- (1) Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by

an appropriate health-care professional. (Please see NFHS Suggested Guidelines for Management of Concussion in the Appendix in the back of each NFHS Rules Book).

- (2) The NFHS also has recommended concussion guidelines through its sports Medicine Advisory Committee (SMAC). These recommendations include:
 - a. No student-athlete should return to play (RTP) or practice on the same day of a concussion.
 - b. Any student-athlete suspected of having a concussion should be evaluated by an appropriate health-care professional that day.
 - c. Any student-athlete with a concussion should be medically cleared by an appropriate health-care professional prior to resuming participation in any practice or competition.
 - d. After medical clearance, return to play should follow a step-wise protocol with provisions for delayed return to play based upon the return of any signs or symptoms.
- (3) To implement these rules, and based on KRS 160.445 and 156.070(2) as amended by the Kentucky General Assembly in 2012, the KHSAA has defined this policy and parameters to guide all interscholastic school athletic representatives and all KHSAA licensed sports officials. References to signs and symptoms of concussion are detailed by the NFHS through its SMAC upon consultation with the Centers for Disease Control and Prevention (CDC).

POLICY- SPORTS MEDICINE - CONCUSSIONS DURING INTERSCHOLASTIC PLAY IN THE COMMONWEALTH OF KENTUCKY INCLUDING RETURN TO PLAY

Sec. 1) FOUNDATIONAL RECOMMENDATIONS

- a) The treatment of concussions and suspected concussions should be conducted within the recommended protocols and procedures of the Consensus Statement on Concussion in Sport: The 3rd International Conference on Concussion in Sport Held in Zurich, November 2008.

Sec. 2) SUSPECTED CONCUSSION

- a) A student-athlete suspected by an interscholastic coach, school athletic personnel or contest official of sustaining a concussion (displaying signs/symptoms of a concussion) during an athletic practice or contest shall be removed from practice or play immediately. The student-athlete shall not return to play prior to the ending of practice or competition until the student-athlete is evaluated to determine if a concussion has occurred.
- b) A physician or licensed health care provider whose scope of practice and training includes the evaluation and management of concussions and other brain injuries is empowered to make the on-site determination that a student-athlete has or has not been concussed. This will generally include an MD (Medical Doctor), DO (Doctor of Osteopathy), PA (Physician Assistant), ARNP (Advanced Registered Nurse Practitioner), ATC (Certified Athletic Trainer); or LAT (Licensed Athletic Trainer). This may also include other licensed health care providers with the proper scope of practice and training whose qualifying credentials have been made known to member school personnel in advance and who have completed approved training.
- c) The player should be medically evaluated on-site using standard emergency management principles, and particular attention should be given to excluding a cervical spine injury. The appropriate disposition of the player must be determined by the treating health care provider in a timely manner. Once the first aid issues are addressed, then an assessment of the concussive injury should be made using the SCAT2 or other similar tool. The player should not be left alone following the injury, and serial monitoring for deterioration is essential over the initial few hours following injury.
- d) If any one of these individuals listed in (b) answers that "yes", there has been a concussion, that decision is final and is not appealable.
- e) If medical coverage by a person empowered to make the concussion assessment is not on-site, and signs/symptoms of concussion have been observed, a concussion is presumed until such evaluation can be performed. If no health care provider is available, the player should be safely removed from practice or play and urgent referral to a physician arranged.
- f) No student-athlete may return to practice or play in interscholastic athletics that day in the event that a concussion is diagnosed or presumed.
- g) A student-athlete may return to play at the time of a suspected concussion if it is determined by appropriate medical personnel that no concussion has occurred.

Sec. 3) ROLE OF COACHES IN ADMINISTERING THE POLICY

- a) Coaches are to be current in their certification regarding the KMA/KHSAA sports Safety Course, including the specific segment(s) related to identifying the signs and symptoms of concussions.
- b) Coaches must review and know the signs and symptoms of concussion and direct immediate removal of any student-athlete who displays these signs or symptoms for evaluation by appropriate medical personnel.
- c) Coaches have no other role in the process with respect to diagnosis of concussion or medical treatment.
- d) It remains the ultimate responsibility of the coaching staff in all sports to ensure that players are only put into practice or contests if they are physically capable of performing.
 1. Upon completion of the required evaluation, a coach may return a student athlete to play if the physician or licensed health care provider determines that no concussion has occurred; or shall not return a student athlete to play if the physician or licensed health care provider determines that a concussion has occurred.
 2. If no physician or licensed health care provider described in paragraph 2(b) of this policy is present at the practice or competition to perform the required evaluation, a coach shall not return a student athlete to play who is suspected of sustaining a concussion. The student athlete shall not be allowed to participate in any subsequent practice or athletic competition unless written clearance from a physician is provided.

Sec. 4) ROLE OF CONTEST OFFICIALS IN ADMINISTERING THE POLICY

- a) Officials are to review and know the signs and symptoms of concussion and direct immediate removal of any student-athlete who displays these signs or symptoms.
- b) Officials have no other role in the process with respect to diagnosis of concussion or medical treatment.

Sec. 5) RETURN TO PLAY POLICY FOR A STUDENT-ATHLETE RECEIVING A CONCUSSION, AFTER THE MANDATORY REMOVAL THAT DAY

- a) Once a concussion has been diagnosed (or presumed by lack of examination by an appropriate health care provider), only an MD or DO

can authorize return to play on a subsequent day, and such shall be in writing to the administration of the school after the completion of all concussion protocols.

- b) Such approval should not be given unless a stepwise protocol has been observed by all practitioners with separate periods for
 - (1) No activity;
 - (2) Light aerobic exercise;
 - (3) Sport-specific exercise;
 - (4) Non-contact training drills;
 - (5) Full-contact/competition practice; and
 - (6) Return to normal game play.
- c) It is highly recommended that each of these protocol steps be no less than twenty-four hours in length.
- d) It is highly recommended that no student-athlete return to play unless he/she has been properly recommended to also return to school.
- e) Absent a form or correspondence otherwise provided by the physician, return to play shall be documented on KHSAA Form GE80.
- fe) School administration shall then notify the sports specific coach as to the permission to return to practice or play based on the information provided by the physician.
- f) If an event continues over multiple days, then the designated event physician has ultimate authority over return to play decisions and such return to play may not be prior to the third day following the initial diagnosis, and until all steps of the protocol in Section (b) have been followed.

POLICY- SPORTS MEDICINE - KMA/KHSAA PROCEDURE FOR AVOIDING HEAT INJURY/ILLNESS THROUGH ANALYSIS OF HEAT INDEX AND RESTRUCTURING OF ACTIVITIES AND RECOMMENDATIONS FOR COOLING METHODS DUE TO HEAT RELATED ILLNESS.

Original procedure developed by the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports to and for the Kentucky High School Athletic Association and adopted by the KHSAA Board of Control as recommendation for all schools, May 2002, On-site procedures revised by KHSAA Board of Control, February 13, 2003, On-site procedures further revised and made mandatory for all schools by the KHSAA Board of Control, May 2005, On-site procedures further revised with respect to testing instruments, March 2007, Cooling Procedures modified as recommended by Kentucky Medical Association, June 2009, Heat Index expanded to spring sports, August 2010, Revised, April, 2016

Sec. 1) INTRODUCTION

- a) Following months of study, after one year of implementation and in an effort to help protect the health and safety of student-athletes participating in high school sports, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports issued a recommended procedure to the Kentucky High School Athletic Association for immediate implementation in 2002. This procedure called for the determination of the Heat Index (using on-site devices to measure Temperature and Relative Humidity), and a guideline for activity to be conducted at that time based on the Heat Index reading. Though other procedures and measurements were considered, the application of the Heat Index appeared to be most readily implementable on a statewide basis, and appeared to be reliably tested in other areas.
- b) Through the first five years of use of the procedure, minor adjustments were made in the reporting requirements, and the on-site devices to be used. In May 2005, the Board of Control through its policies directed that all member schools comply with the testing and reporting requirements. In October 2006, the member schools of the Association overwhelming approved at their Annual Meeting, a proposal to make such reporting not simply a Board of Control policy, but a school supported and approved Bylaw as it approved Proposal 9 to amend the KHSAA bylaws. In March 2007, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended the elimination of all devices with the exception of the Digital Sling Psychrometer as a means of measuring at the competition/practice site. In June 2009, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended that specific cooling procedures, including the practicing in the event of an emergency, be implemented at the local school level. In August 2010, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended that the heat index monitoring procedures apply to the sports played in the spring in Kentucky's high schools.
- c) Each of these recommendations were adopted by the KHSAA Board of Control.

POLICY- SPORTS MEDICINE - GENERAL HEAT INDEX PROCEDURES

Sec. 1) ON-SITE DATA

- a) The policy calls for the determination of the Temperature and Relative Humidity at the practice/contest site. While the gold standard for heat index measurement is the wet bulb globe, the KHSAA has adopted the use of the Digital Sling Psychrometer as the measurement instrument for heat index as the next best available and most cost effective alternative. This is an accurate measurement of the heat index at the competition or practice site. Measurements using a digital sling psychrometer- shall adhere to the following provisions:
 - (1) The measurements are to be taken ONLY using the digital sling psychrometer or wet bulb globe There is no website, phone app or other computer programs that can substitute and allow a school to remain in compliance. Only on site readings are valid.
 - (2) It is important to note that media-related temperature readings (such as the Weather Channel, local radio, etc.) or even other readings in the general proximity are not permitted as they may not yield accurate results when considering the recommended scale, and there is no website, phone app or other computer programs that can substitute and allow a school to remain in compliance;
 - (3) The readings must be made at the site and readings from alternative locations (Weather Channel, other schools) are not valid; and
 - (4) It is noted that the WBGT (Wet Bulb Globe Temperature) is the "gold standard" for heat determination. However due to lack of funding for WBGT devices, the heat index is the selected alternative.
- b) Neither the KHSAA nor KMA has endorsed any particular brand of Psychrometer and receives no endorsement fee or other consideration for any device sold. There are several models on the market that will properly perform the functions.-
- c) The KHSAA or your local certified/licensed athletic trainer has easy access to catalogs with this type of equipment.

Sec. 2) INDOOR AND OUTDOOR VENUES

- a) Heat index requirements and restrictions apply (and have always applied) to outdoor and indoor sports. While much of the original discussion centered on outdoor sports, indoor sports, particularly in times of year or facilities where air conditioning may not be available, should be included in the testing. Such has been approved by the Board of Control as policy requirement.
- b) The recommendations contained in this package cover both indoor and outdoor activity, as well as contact and non-contact sports.

Sec. 3) SUMMARY OF HEAT INDEX MONITORING

- a) Though much more scientific information and other alternative methods for determining Heat Index and participation restrictions are being studied, these initial steps should help ensure the health and safety of the participants in high school sports.
- b) Adherence to these guidelines represents a conscious effort by the interscholastic community to emphasize health and safety on a much higher level than any loss of competitive preparation. Any further revisions or enhancements will be distributed to the members of the KHSAA.

Sec. 4) PROCEDURE FOR TESTING

- a) The readings are to be taken at the ~~exact specific~~ location of practice at the ~~specific~~ competition/practice area where the activity will occur.
NOTE: This is especially important with the proliferation and expansion of artificial playing surfaces where the heat is increased by the under layer below the carpet.
- b) Thirty (30) minutes prior to the start of activity, temperature and humidity readings should be taken at the practice/competition-site.
- c) The information should be recorded on KHSAA Form GE20 and these records shall be available for inspection upon request. All schools will be required to submit this form in either a paper or electronic form.
- d) The temperature and humidity should be factored into the Heat Index Calculation and Chart and a determination made as to the Heat Index.
- e) If schools are utilizing a Digital Sling Psychrometer that calculates the Heat Index, that number may be used to apply to the regulation table.
- f) If a school is using a Wet Bulb Globe to determine the heat measurements, the appropriate chart on the KHSAA website shall determine activity alteration.
- e)g) If a reading is determined whereby activity is to be decreased (above 95 degrees Heat Index), then re-readings would be required every thirty (30) minutes to determine if further activity should be eliminated or preventative steps taken, or if an increased level of activity can resume.

POLICY- SPORTS MEDICINE - HEAT INDEX/WET BULB TEMPERATURE AND ACTIVITY ALTERATION TABLE

Using the following scale, activity must be altered and/or eliminated based on this Heat Index as determined:

Sec. 1) Under 95 degrees Heat Index or under 86.9 Wet Bulb Globe Temperature

- a) All sports
 - (1) Water should always be available and athletes be able to take in as much water as they desire;
 - (2) Optional water breaks every 30 minutes for 10 minutes in duration to allow hydration as a group;
 - (3) Have towels with ice for cooling of athletes as needed;
 - (4) Watch/monitor athletes carefully for necessary action; and
 - (5) Re-check temperature and humidity every 30 minutes if temperature rises in order to monitor for increased Heat Index.

Sec. 2) 95 degrees to 99 degrees Heat Index or 87.0 to 89.9 Wet Bulb Globe Temperature

- a) All sports
 - (1) Water should always be available and athletes should be able to take in as much water as they desire;
 - (2) Mandatory water breaks every 30 minutes for 10 minutes in duration to allow for hydration as a group. In sports or sport-activities with multiple simultaneous contests or practices, the required monitoring and rest breaks shall be taken at the same time for all contests or practices;
 - (3) All breaks shall be taken in areas outside of direct sunlight;
 - (4) Have towels with ice for cooling of athletes as needed; and
 - (5) Watch/monitor athletes carefully for necessary action.
- b) Additional Steps for Contact sports and activities with additional required protective equipment:
 - (1) Helmets and other required equipment (by rule) should be removed when athlete not directly involved with competition, drill or practice, and it is not otherwise required by rule;
 - (2) Reduce time of outside activity. Consider postponing practice to later in the day; and
 - (3) Re-check temperature and humidity every 30 minutes to monitor for increased Heat Index.

Sec. 3) 100 degrees (above 99 degrees) to 104 degrees Heat Index or over 90.0 to 92 Wet Bulb Globe Temperature

- a) All sports
 - (1) Water should always be available and athletes should be able to take in as much water as they desire;
 - (2) Mandatory water breaks every 30 minutes for 10 minutes in duration to allow for hydration as a group. In sports or sport-activities with multiple simultaneous contests or practices, the required monitoring and rest breaks shall be taken at the same time for all contests or practices;
 - (3) All breaks shall be taken in areas outside of direct sunlight;
 - (4) Have towels with ice for cooling of athletes as needed;
 - (5) Watch/monitor athletes carefully for necessary action;
 - (6) Alter uniform by removing items if possible and permissible by rules;
 - (7) Allow for changes to dry T-shirts and shorts by athletes at defined intervals;
 - (8) Reduce time of outside activity as well as indoor activity if air conditioning is unavailable; and
 - (9) Postpone practice to later in day.
- b) Additional Steps for Contact sports and activities with additional required protective equipment:

- (1) If helmets or other protective equipment are required to be worn by rule or normal practice, suspend practice or competition immediately and resumption may not occur until the index is 99 degrees or below;
 - (2) For sports that do not have mandatory protective equipment, reduce time of outside activity and consider postponing practice to later in the day; and
 - (3) Re-check temperature and humidity every 30 minutes to monitor for changes in Heat Index.
- Sec. 4) Above 104 degrees Heat Index or over 92.1 Wet Bulb Globe Temperature
- a) All sports
 - (1) Stop all outside activity in practice and/or play, and stop all inside activity if air conditioning is unavailable.
- Sec. 5) Continual Usage of Procedure
- a) This procedure is to be used until such time as the temperature is below 84 degrees as no combination of heat and humidity at that level will result in a need to curtail activity.
 - b) The KHSAA will use September 15 as the standard date for the recording of the Heat Index forms in the fall, and April 15 as the start date in the spring.
 - c) Member schools should remember that the monitoring shall continue any time that a combination of heat and humidity at that level could result in a need to curtail activity (an ambient temperature of 83 degrees or higher).

POLICY- SPORTS MEDICINE - COOLING METHODS DUE TO HEAT RELATED ILLNESS

Sec. 1) EXERTIONAL HEAT STROKE

- a) Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death.
- b) The majority of medical evidence shows that early implementation of body cooling is the most effective method of decreasing mortality in EHS.
- c) Recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade have been considered.
- d) The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow).
- e) The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such.
- f) These guidelines should be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity.
- g) Sports especially at risk include football, with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.
- h) It is essential and required that the school and school officials:
 - (1) Establish a written plan for emergency treatment of EHS, and conduct drills in the implementation of the plan;
 - (2) Know how to assess environmental conditions and determine when extreme conditions exist;
 - (3) Identify a specific spot at the athletic facility that has shade;
 - (4) Have immediate access to ice and bags to contain ice;
 - (5) Have access to water, and provide water breaks; and
 - (6) Know the most effective sites for application of ice to the body.
- i) It is required that the school and school officials:
 - (1) Obtain and use, when environmental conditions are determined to be extreme, a tub or pool;
 - (2) That the tub be filled with water and ice is available before practice or game, to be used in body immersion for maximal cooling, and have personnel trained in this technique;
 - (3) That this tub be large enough to place an athlete into the cold, ice and water filled tub and cool the athlete ensuring that both the groin and armpits are in the cooling ice and water;
 - (4) That the athlete must be monitored at all times when in the cooling tub, with individuals designated to control the head and neck at all times in case the athlete becomes unconscious;
 - (5) That the emergency plan ensures that cooling of an athlete that is showing signs and symptoms of exertional heat illness is begun immediately including the availability of cold, iced towels, etc.; and
 - (6) That the emergency plan including the re-stating and practicing of the fundamental principle that the objective is to cool first, transport second and that the potentially impacted athlete should be monitored continuously until appropriate emergency personnel arrive on the scene. A good example of those principles can be found at <https://www.youtube.com/watch?v=X1-g3dVVvaM&feature=youtu.be>
- j) It is highly desirable that schools and school officials:
 - (1) Have a certified/licensed athletic trainer on staff to develop and implement these guidelines;
 - (2) Have immediate access to water and ice at all times;
 - (3) Provide shade breaks;
 - (4) Provide fans when environmental conditions are determined to be extreme;
 - (5) Have close access to an air conditioned room; and
 - (6) Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.
- k) It is desirable that schools and school officials:
 - (1) Have trained and authorized medical personnel in place to be able to monitor the rectal temperature of an athlete in an appropriate contained environment in the event of a heat emergency where an athlete is placed in a cooling tub or a suitable and accepted alternative to monitoring the temperature to ensure the effectiveness and timeliness of treatment until appropriate emergency personnel arrive on

the scene;

- (2) Have trained and authorized medical personnel routinely review and update the school's emergency action plan for athletic emergencies.

POLICY- SPORTS MEDICINE POLICY- RECOMMENDED USE OF AUTOMATED EXTERNAL DEFIBRILLATORS (AED)

Sec. 1) INTRODUCTION AND RECOMMENDATIONS

- a) School AED programs should be implemented under the supervision of an authorized health care provider (to include an MD (Medical Doctor), DO (Doctor of Osteopathy), PA (Physician Assistant), ARNP (Advanced Registered Nurse Practitioner), ATC (Certified Athletic Trainer); or LAT (Licensed Athletic Trainer), and select school staff personnel provided with proper training and certification;
- b) AEDs should be placed in easily accessible/public locations with adequate signage;
- c) All athletic trainers, coaches, administrators, school nurses and physical education teachers should have access to an AED on school property and at all school sanctioned athletic events/activities;
- d) Schools sponsoring athletic events should have an AED on site or access to one within 3 minutes at each athletic venue for practices, games and other athletic events;
- e) All coaches and other selected staff members should be provided with training and certification in cardiopulmonary resuscitation (CPR) and AED use;
- f) The location of AEDs should be in well-marked, publicized places, and known among all staff;
- g) An AED should be retrieved and applied to any collapsed and unresponsive athlete or necessary individual while EMS is called and CPR started; and
- h) AEDs should be inspected frequently (according to manufacturer recommendations) to ensure proper working order, making sure batteries are charged, and wires and pads are in good condition.

POLICY- SPORTS MEDICINE - WRESTLING MINIMUM WEIGHT PROGRAM

Sec. 1) INTRODUCTION

- a) The health hazards associated with excessive weight reduction through food deprivation and/or dehydration are well documented. These hazards include, but are not limited to, reduced regulation of body temperature, kidney failure, and acute and/or chronic fatigue. The KHSAA urges all to consider the information contained herein in making decisions regarding competitive weight of wrestlers.
- b) The purpose of this plan is to develop and determine an athlete's minimum weight, not necessarily best weight, as those are individual decisions. This only forms a limitation for competition, not an artificial standard for normal practice. In order to participate in wrestling, all participants must have a minimum weight determination made by a designated assessor. The establishment of a minimum weight class is based on a body fat measurement of 7% for male wrestlers and 12% for female wrestlers. This determination must be made through a four-part process:
 - (1) The determination and validation of the proper hydration level of the athlete;
 - (2) The determination of the athlete's body fat percentage;

- (3) The determination of the athlete's minimum weight were his/her body fat percentage reduced to the minimum level; and
- (4) The projection and stipulation for the point in time when a wrestler could actually wrestle at that minimum weight.
- c) Questions about the program or its implementation should be directed to Assistant Commissioner Michael Barren at the KHSAA offices in Lexington.

POLICY- SPORTS MEDICINE - WRESTLING WEIGHT MANAGEMENT REGULATION AND POLICY

Sec. 1) BACKGROUND AND FUNDAMENTALS

- a) An accepted method of determining this weight shall be used and the Commissioner shall approve the method. Any one of the four approved methods may be used in accordance with the weight management procedures, including skin-fold caliper testing; BOD POD® air displacement; Bioelectrical Impedance Analysis or Hydrostatic (under water) determination.
- b) The NWCA (National Wrestling Coaches Association) online system shall be used to record and track the procedures.

Sec. 2) PROCEDURES

- a) The KHSAA remains concerned for the safety of the young people who participate in our wrestling program. The establishment of minimum weight classes along with a maximum weight loss per week limit allows high school wrestlers to participate in a most healthy manner.
- b) Each school is required to certify minimum weights of all wrestlers and comply with all aspects of the compliance package chosen to monitor wrestling weights for the KHSAA.
- c) The establishment of a minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high school wrestlers. The KHSAA does not advocate that a wrestler's established minimum weight is the athlete's best weight but simply the minimum weight at which the athlete will be allowed to compete.
- d) No wrestler representing a KHSAA member school may compete in a match against an outside team without a weigh-in and without adhering to NFHS weight class rules.
- e) To be entered in a specific weight class in the post season tournament series, each wrestler is required to make weight prior to a specified date in the desired postseason weight class.
- f) All weigh-ins must be recorded using the approved recording system or they do not count toward postseason eligibility.

Sec. 3) WEIGHT LOSS PER WEEK

- a) A weight loss of 1.5% of a wrestler's total body weight per week (or 3.5 pounds per week whichever is greater) has been established and therefore that is divided to get the allowable loss per day (.015 of Alpha weight / 7) for the first week or .5 pound per day.
- b) A wrestler will not be allowed to wrestle at any time in a weight class that would require him/her to lose more than this amount.

Sec. 4) DESIGNATION/SELECTION/QUALIFICATIONS OF AN ASSESSOR

- a) When an individual is listed with the KHSAA as an "Assessor", there is always a concern about professional responsibility. There is an expectation of the highest professional and ethical conduct relative to performing assessments on the young wrestlers. These young wrestlers MUST be treated with the highest regard for their right to privacy, and for the confidentiality of all data collected with the program.
- b) Assessors are required to conduct themselves in a manner such that there will be no questions about the positive contribution to the program and to the sport of wrestling. There will be times when professional judgment will be involved to clarify and validate the assessment process; the greater the depth of understanding the program, the more likely you are to represent the best interests of both the KHSAA and the student-athlete.
- c) Each school may select an individual to serve as the Assessor for this program within their wrestling program. Multiple schools may utilize the same assessors.
- d) Schools must submit the name of the assessor to be used to the KHSAA using the appropriate KHSAA form IN ADVANCE of the testing.
- e) Assessors may not be members of school coaching faculty in any sport.
- f) Assessors must have medical background – by definition, employed in the healing and health care profession – Registered Nurse, Licensed Practical Nurse, Advanced Registered Nurse Practitioner, Doctor, Physical Therapist, Physician Assistant, Doctor of Osteopathy, Certified or Licensed Athletic Trainer, nutritionist or an exercise physiologist.
- g) To be eligible to become a KHSAA approved assessor an individual must have demonstrated training and experience in skin-fold measurement or other approved assessment method.
- h) Schools may utilize any individuals for the compilation of the data, but must use a designated assessor to perform the actual measurements.
- i) Schools may use someone not in one of the categories in Item 1(c) with permission of the Association by requesting such permission in advance.

Sec. 5) ESTABLISHING MINIMUM WEIGHTS

- a) The lowest weight class a wrestler may compete at will be determined as follows:
 - (1) If the predicted weight, at 7% male/12% female is exactly that of one of the weight classes, that weight class shall be the wrestler's minimum weight class.
 - (2) If the predicted weight falls between two weight classes, he/she must wrestle at the higher weight class.
 - (3) Any male or female wrestler whose body fat percentage at the time of measurement falls below 7%/12% must obtain, in writing on the prescribed KHSAA form, a licensed physician's clearance stating that the athlete is naturally at this sub 7%/12% body fat level. A physician's clearance is valid for one season and expires April 1 of each year. A copy of this form shall be submitted to the KHSAA with the minimum weight spreadsheet for each applicable wrestler.
 - (4) Any wrestler who first reports to a team after the posted deadline date shall have his minimum weight determined by his first scale weigh-in and he/she may not wrestle at a lower class the remainder of the season.
- b) There are four methods of determining the body fat percentage of a wrestler.
 - (1) Bioelectrical Impedance Analysis using electronic methods to determine the body fat percentage. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight. This is programmed to calculate lean body mass and percent body fat. The approved devices are the InBody 120, InBody 270, Tanita TBF-300WA;

- (2) Traditional skin-fold testing, using specific measurements. In this case, skin-fold measurements will be utilized to determine each wrestler's body fat percentage. Only measurements taken by KHSAA approved assessors will be accepted. This method is based on the relationship between subcutaneous fat and total body fat and its inverse relationship to body density. The regression equations have been derived for the specific population of the wrestling community and these formulas calculate body density. The KHSAA will accept measurements using these different methods with the Lange or Harpenden calipers. These are medium priced calipers and can be obtained for around \$200.00 from most health care product suppliers;
- (3) BODPOD air displacement system of measurement. This advanced method uses air displacement technology and is as accurate as underwater weighing; yet, it is very safe and fast for the wrestlers. It also provides the wrestler and coach with an immediate calculation for any allowable weight loss and the allowable schedule for the loss. This device (named the BODPOD) is available for testing at several sites. If you wish to learn more about the BODPOD in the meantime, go to www.bodpod.com on the web. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight; ~~and~~
- (4) Underwater or Hydrostatic body fat analysis in a supervised clinical setting. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight. This method involves the submersion of an individual to determine the subject's underwater weight that is used along with the weight on land to calculate the body density. It utilizes the concept that muscle mass and fat have specific known densities relative to water. This method can be fairly accurate, although it is usually more expensive. In the event that multiple calculations are made using this method, the Brozek method shall be the final determinant. There is no appeal from the body fat percentage determination used in this method; ~~and~~.
- (5) Competitors wishing to appeal the determination of body fat level as determined in (1), (2) or (3) above may do so by using method (4) within two weeks of the original test administration. The costs of such appeal shall be borne by the athlete.

Sec. 6) DEFINITIONS

- a) SKIN-FOLD ASSESSMENT TERMINOLOGY - The use of skin-fold assessment in the process of determination of body composition requires some standardization of terminology used in this field. The following is an attempt to accomplish this standardization:
 - (1) Total Body Weight (TBW): weight of the body on a certified, calibrated scale.
 - (2) Body Density (BD): the mass of the body per unit of volume. (The fat free component is assumed to have a density of 1.100 gm/cm³, the mass of fat is considered to be about .90 gm/cm³)
 - (3) Percent Body Fat (%BF): the proportion of total body weight that is fat weight and expressed as a percentage. $\%BF = (TBW - LBM) / (TBW) \times 100$
 - (4) Lean Body Mass (LBM): the weight of the lean tissue of the body such as muscle, bone, and blood. The weight of the body without the fat weight. $LBM = TBW - FW$.
 - (5) Fat Weight (FW): the weight of the fat tissue of the body. Includes both essential and stored fat tissue. $FW = TBW \times \%BF$
 - (6) Minimum Wrestling Weight (MWW): the lowest weight at which a wrestler may compete, determined to be 7 % body fat for the Kentucky Wrestling Minimum Weight Program less a 3% margin of error.
 - (7) Ideal Body Weight: a body weight selected for a specific individual or group based on both empirical and scientific evidence that provides an optimum level of performance.
 - (8) Minimum Weight: a body weight selected for a specific individual or group based on a specific percent body fat. A minimal, but not necessarily ideal or optimum body weight
 - (9) Regression Equations: equations that express the relationship (based on correlation) between the criterion measure (GOLD STANDARD) and the prediction measure. In skin-fold assessment these are determined for specific combinations of sites, and specific populations.
 - (10) Population Specificity: the attempt to make prediction calculation (equations) on representative subjects from specific groups of individuals, the results of which are intended to be applied to a similar, larger population. In skin-fold assessment for body composition the important specific factors are sex, age, national origin, maturation and hydration.
 - (11) Biological Variability: variation that will contribute to error due to such factors as hydration and deposition-sites.
 - (12) Technical Variability: variability that will contribute to error due to such factors as lack of standardization of procedures among assessors.
 - (13) Reliability: reproducibility, the consistency and dependability of a measure. $>.9$ with experienced assessors. Increases with fewer sites and monitored practice.
 - (14) Validity: degree to which an assessor obtains an accurate measure. How well the group being assessed matches the group from which the regression equation was obtained and is dependent upon: age, activity level, population specific, and body composition status.

Sec. 7) PHYSICIAN'S CLEARANCE FOR EXCESSIVELY LEAN WRESTLERS

- a) Any wrestler who naturally is below the 7%/12% minimum measurement must have a documented physician's clearance.

Sec. 8) NUTRITION EDUCATION

- a) While it is not required, it is highly recommended that each school participate in a nutrition education program with their student-athletes and incur all costs of the program. Many times, wrestlers are making decisions regarding weight management and weight reduction that would be different if they were better educated as to the long-term consequences.
- b) The National Wrestling Coaches Association has an excellent nutritional model available for a nominal cost per school.

POLICY- SPORTS MEDICINE - WRESTLING WEIGHT MANAGEMENT COMPETITION RULES

Sec. 1) WEIGHT MANAGEMENT, CERTIFICATION AND CONTROL

- a) All athletes shall meet eligibility requirements including the development of a set minimum body weight. Only competitors whose minimum weight has been determined using the NWCA online weight management system (including all recording and tracking) are eligible to compete. Athletes without a minimum weight determination may not wrestle in competition or in practice after the first date for competition during the regular season.
- b) The minimum weight class for each wrestler shall be determined using the National Wrestling Coaches Association (NWCA) online system between October 15 and the first regular season match.
- c) The Head Coach of the team is responsible for maintaining a signed copy of the Alpha Report as the wrestling permission form. Each

athlete subject to the sub-7% (sub-12% for females) physician permission shall have a properly completed form processed, and the Head Coach shall send a copy of that form to the KHSAA prior to the first competition. Once properly received, the KHSAA will authorize the wrestler to compete using the online system and until such is done, the wrestler may not compete.

- d) A wrestler may not compete on the day of the minimum body weight testing.
- e) A wrestler desiring to appeal the original minimum weight certification results shall complete the hydrostatic weight appeal within two (2) weeks of the original test.
- f) A wrestler may never be certified into a class which is below the minimum body weight determined by the wrestler, his/her parents, his/her coach and his/her doctor and verified by using the proper calculation forms.

Sec. 2) WEIGHT CLASSES, WEIGH-INS AND RECORDS

- a) Competition shall be divided into weight classes for regular and postseason competition as defined in the NFHS Wrestling Rules Book.
- b) The two-pound growth allowance will be added to each class boundary on December 25, thereby shifting the bounds of the class. The individual wrestler does not "receive" two pounds, the class weight limit is simply increased by two pounds.
- c) For each round of the KHSAA postseason tournament, the two pound weight/growth allowance provisions from the National Federation Rules shall be used and such shall be added on December 25.
- d) A certified scale shall be used to verify weight at all matches (regular and postseason). Scales which do not display current certification or for which current documentation is not available shall not count toward the wrestler's weigh-in requirements but shall count as though the wrestler weighed 288.
- e) If an athlete competes in a match where no certified scale was available, the weigh-in counts as a "miss" in all fourteen weight classes with respect to achieving a desired weight class weigh-in.
- f) A member school representative may not compete in any match where a weigh-in is not conducted and recorded.
- g) The Head Coach of each team shall be responsible for entering the complete competition schedule of the team prior to the first competition date, using the NWCA online system and shall maintain the accuracy of that schedule throughout the season.
- h) The Head Coach of each team shall provide, for each competition weigh-in, a match weigh-in form produced by the NWCA online system showing the lowest applicable weight for each competing wrestler on the actual date of competition.
- i) Local event managers should have in place an option to produce such listing in the event that the competing coach does not produce this report at weigh-ins.
- j) Any coach failing to produce this report shall have the weigh-ins recorded on an alternate form, and such shall be provided, by an opposing coach, to the KHSAA for review.
- k) Repeated failure to produce these required weigh-in reports shall be cause for suspension of the Head Coach from regular or post season competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the regional wrestling tournament.
- l) Following each match, and prior to the next competition for the squad, each coach shall enter the actual scale weights of each wrestler who weighed in for the competition, using the NWCA online system. For multiple day competition within the same event, only the first day weigh-in is to be recorded.
- m) Repeated failure to enter scale weights prior to the next competition shall be cause for suspension of the Head Coach from regular or post season competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the regional wrestling tournament.

Sec. 3) CERTIFICATION INTO A WEIGHT CLASS

- a) A wrestler is certified into a particular weight class at any regularly scheduled match or tournament any time on, or prior to, the Saturday of NFHS week 30 by making base weight (including growth allowance after December 25) at an official weigh-in on a certified scale, as long as that certified weight is not below the documented minimum weight and is at a time allowed by the minimum weight calculations. A wrestler weighing in on, or prior to, the Saturday of NFHS week 30 is continually certifying at the weigh-in weight.
- b) Once a wrestler is certified into a particular weight class as of the Saturday of NFHS week 30, he/she may weigh-in only in that class and one class above. He/she is automatically re-certified into a higher weight class after the Saturday of NFHS week 30 by weighing in and qualifying for that class, but never into a lower weight class. After the Saturday of NFHS week 30, making base weight (including growth) two classes above any previously certified weight class automatically renders that wrestler ineligible for the remainder of the year to wrestle in the lower weight class (previous certified weight).
- c) Please note that this rule is for weigh-ins, not matches. It is possible that a wrestler weighed in at a certain class weight for a match, but wrestled up during that match. That weigh-in would count for the lower weigh-in class.

Sec. 4) WEIGHT CONTROL

- a) All coaches are cautioned that rapid reduction in weight can endanger the health of the student-athlete and coaches are encouraged to keep current with all research in this area.
- b) The manager of each meet is to have each participant weighed and it is highly recommended that a physician examine each participant.

POLICY- SPORTS MEDICINE - SEVERE WEATHER/LIGHTNING POLICY FOR ACTIONS BY OFFICIALS AT OUTDOOR EVENTS

- or library.
- b. An alternate safer place from the threat of lightning is a fully enclosed (not convertible or soft top) metal car or school bus.
- c. For scrimmages and contests, this information should be relayed to the game officials and representatives of all competing teams.
- (3) Develop criteria for suspension and resumption of practice which should mirror the policy directives in Sec. 2 for scrimmages and contests.
 - a. When thunder is heard or lightning is seen*, the leading edge of the thunderstorm is close enough to strike your location with lightning.
 - b. If such sight or sound is observed, suspend play for at least 30 minutes and vacate the outdoor activity to the previously designated safer location immediately.
 - c. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or lightning is witnessed* prior to resuming play.
 - c. Any subsequent thunder or lightning* after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
 - d. When lightning-detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location and sight or sound has not been detected.
 - e. Event managers should never depend on the reliability of these devices and, thus, hearing thunder or seeing lightning* should always take precedence over information from a mobile app or lightning-detection device.
- (4) Review the lightning safety policy annually with all administrators, coaches and game personnel and train all personnel.
- (5) Inform student-athletes and their parents of the lightning policy at start of the season

Sec. 2) LIGHTNING POLICY IMPLEMENTATION

- e) If such sight or sound is observed, suspend play for at least 30 minutes and vacate the outdoor activity to the previously designated safer location immediately.
- f) Once play has been suspended, wait at least 30 minutes after the last thunder is heard or lightning is witnessed* prior to resuming play.
- g) Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
- h) When lightning-detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location but only if sight or sound has not been detected and such has been reported by game management to the Referee (Lead Official/Crew Chief).
- i) Contest officials and event managers should never depend on the reliability of ew technology and, thus, hearing thunder or seeing lightning shall always take precedence over information from a mobile app or lightning-detection device.
- j) If severe weather appears to be of great length or intensity, the Referee (Lead Official/Crew Chief) shall work collaboratively with home contest administration and participating teams on decisions related to the resumption of play.
- k) All involved in suspension/resumption decisions should be familiar with any sport-specific rules that might be contained in the KHSAA Competition Rules.
- l) Final authority for the decision to resume rests within home contest administration in collaboration with the game officials.
- m) Safety of the public and participants is the most important factor in any decision of this type.

The Title IX statute as amended became law June 23, 1972 with the implementation of the regulation for high schools effective in July of 1978.
- b) The KHSAA Board of Control fully supports facilitating the requirements of Title IX for all KHSAA member schools.
- c) The KHSAA began monitoring and auditing equity within KHSAA member school athletic programs (boys and girls) at the beginning of the 1999-2000 school year.
- e) The annual internal Title IX school audits are conducted by KHSAA staff members as well as outside contractors.

Sec. 2) KHSAA TITLE IX MONITORING PER 702 KAR 7:065

- a) Duties of the KHSAA in managing high school athletics are set forth in 702 KAR 7:065. The regulation includes the following: "As a condition present to membership, require each member school and superintendent to annually submit a written certification of compliance with 20 USD Section 1681-83 (Title IX).

- d) As of 2011-2012, the process for submitting the reports is totally automated, with roster and participation data based on the rosters maintained by the membership throughout the school year.

Sec. 3) MAJOR COMPONENTS OF TITLE IX

- a) In its simplest form, Title IX is about providing participation opportunities for students as well as the evaluation of the benefits they receive while participating in sports, and measures these items in two basic areas, Opportunities and Benefits.
- a) Opportunities. To assess participation opportunities a school may examine or determine if they comply with Title IX under one of three tests. To be compliant, a school shall pass one of the three tests:
- (1) Athletic participation at a school is substantially proportionate to enrollment;
 - (2) School personnel shall demonstrate a history and continuing practice of program expansion that is responsive to the developing interests and abilities of the underrepresented sex; or
 - (3) School personnel shall fully and effectively accommodate the interest and abilities of the underrepresented sex.
- b) Benefits. Once it is determined that equivalent opportunities are provided, an examination of the 12 major athletics program components is made to determine if equivalent/comparable benefits are provided to all athletes. There are twelve major areas of benefits to be analyzed:
- (1) Equipment and Supplies (i.e. uniforms, shoes, bats, balls, replacement schedules, etc.);
 - (2) Scheduling of Games and Practice Times (i.e. prime date basketball playing opportunities for girls, comparable prime practice times and length, equivalent number of contest for comparable sports, etc.);
 - (3) Travel and Per Diem Allowances (i.e. comparable modes of transportation, meal monies, room accommodations, etc.);
 - (4) Coaching (i.e. comparably skilled and experienced coaches, comparable coaching salaries, comparable coaching staff size, etc.);

 - (8) Support Services (i.e. support for coaches administrative needs, booster clubs, etc.);
 - (9) Tutoring;
 - (10) Athletic Scholarships (*);
 - (11) Housing and Dining Facilities and Services (*); and
 - (12) Recruitment of Student-Athletes (*).
- (*) NOTE: Items j, k, l do not normally apply at the high school level.

Sec. 4) ESTABLISHING AND MONITORING A LOCAL TITLE IX PLAN

- a) As part of the KHSAA compliance model, each member school/school district shall be required to form a Gender Equity Review Committee (GERC) for the purpose of evaluating the total athletics program and handling issues at the local level.
- b) Each school or school district shall create a Title IX plan and a timetable for improvements at the local level. The plan shall include an evaluation of the entire athletic program and improvements if necessary on items such as practice times, facilities, coaching stipends and athletic budgets.

Sec. 5) ANNUAL REPORTING

- a) The KHSAA requires its member schools to annually submit Annual Report forms on or before April 30 for review by the KHSAA.
- b) Member school personnel shall establish a Title IX plan for regular review and for necessary improvements along with a timetable for completion.
- c) If a school is found to have serious Title IX compliance issues, the local school GERC shall be given the initial opportunity to correct the inequities and submit a timetable for such action.
- d) The recommended time period for such implementation shall be determined by the Commissioner and may vary depending upon the nature of the noncompliance issues and financial implications.

Sec. 6) REQUIREMENT TO MAINTAIN FILE

- a) In an on-going effort to assist in Title IX compliance, Kentucky public school districts are required to maintain a permanent Title IX File that is subject to review by the Kentucky High School Athletic Association (KHSAA), the Kentucky Board of Education's designated agent to manage inter-scholastic athletics in Kentucky.
- b) As part of that file, each year, all public school districts must submit an annual Title IX report to the KHSAA for review.
- c) In addition, the KHSAA conducts systematic on-site reviews for items related to Title IX, and submits a compiled report of those visits to the Kentucky Board of Education on an annual basis.

Sec. 7) LOCAL TITLE IX COORDINATORS

- a) The Kentucky Board of Education requires that each school district designate two coordinators, a School District Title IX Coordinator and a High School Title IX Coordinator.
- b) The District Title IX Coordinator's main responsibility is oversight and monitoring of each high school within their district so that the district complies with Title IX.
- c) The primary responsibility of the School Title IX Coordinator is to coordinate the activities at the school level that are designed to promote gender equality in athletics.
- d) Together these individuals are responsible for ensuring that their schools meet the standards for Title IX compliance.

Sec. 8) GRIEVANCES

- a) To file a Title IX complaint for a failure to provide equal opportunity in athletics, the complaining party has the option of filing the complaint with either the local district that sponsors or manages the athletic program in which the alleged violation has occurred and/or with the U. S. Department of Education, Office of Civil Rights (USED, OCR).
- b) When filing a complaint with a local school district, the complaining party must review local board policies to determine the proper grievance procedure for that district.

Sec. 9) COMPLAINTS RECEIVED BY KHSAA

- a) The Kentucky Department of Education has a Title IX Compliance Officer, but that Title IX Compliance officer is responsible for complaints that relate specifically to programs that it sponsors or operates.

- b) If the Kentucky Department of Education or the KHSAA receives a complaint that relates to failure to provide equal opportunity in athletics at the school district level, the KDE Title IX Compliance Officer of the KHSAA will refer the complaint to the local district.
- c) The KHSAA reserves the right to directly report any situation discovered through its education and reporting process directly to the Office of Civil Rights in Philadelphia.

Sec. 10) SUMMARY

- a) Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs and activities that receive federal financial assistance.
- b) The U.S. Department of Education gives grants of financial assistance to schools and colleges, therefore, Kentucky public schools are mandated by law to ensure Title IX compliance.
- c) The Title IX regulation (34 CFR Part 106) includes not only the failure to provide equal opportunity in athletics, but also sexual harassment and discrimination based on pregnancy, and employment discrimination.
- d) The KHSAA staff continues to report regularly to the Kentucky Board of Education regarding this project, and in particular, with areas that may be identified as potential compliance issues. This report routinely includes an overall review of the Association's progress in assisting the member schools in achieving equity within the sports programs of the under represented gender.
- e) The KHSAA shall publish on its website, resource information related to the proper application of Title IX, and procedures to be followed in the event that individuals desire to seek remedy to alleged violations or noncompliance.

POLICY- DISQUALIFIED STUDENT-ATHLETES AND NON-PLAYERS (COACHES, ETC.)

KHSAA Bylaw 15 addresses sportsmanship. In order to ensure consistency in terms of suspensions and penalties, the Board of Control has adopted the following policies relative to the ejection of student-athletes and non-players (coaches).

Sec. 1) PROTESTS/APPEALS

- a) Per Bylaw 21, there are no appeals of judgment calls by game officials, including the judgment call making the determination that unsportsmanlike conduct should result in ejection. At the discretion of the Commission, review may be conducted in the event that the consequences of a rule are misadministered or in the case of ejection, the ejection party has been numerically misidentified.
- b) Human error is a part of coaching, playing and officiating, and the decision of the official, right or wrong, shall prevail.

Sec. 2) REPORTING EJECTIONS

- a) The KHSAA shall develop and maintain an online system for managing ejections.
- b) The administrators at a member school shall be sent a report via email regarding the ejection with directions in the email to login to the secure KHSAA online system and request reinstatement.
- c) The game official(s) shall complete the ejection report via the KHSAA website within twenty-four hours of the ejection.
- d) The member school principal or designated representative of the school with whom the player or coach is affiliated shall complete the required information on the KHSAA website requesting reinstatement.
- e) The player or coach is disqualified from further competition at that level until reinstated by a member of the Commission.
- f) An official or school may be fined, suspended or otherwise penalized in accordance with Bylaw 27 for failing to properly and timely report a disqualification or request reinstatement.
- g) KHSAA member school representatives are obligated to impose the minimum suspension penalty for the ejection per these published guidelines, even in those rare cases when an ejection is not reported in a timely manner, including ejections which occur during out of state contests or those during school breaks. School administrators should contact the Association office with any questions.

Sec. 3) PENALTIES FOR EJECTION OF ADULT NON-PLAYERS AND COACHES

- a) The suspension is considered immediate and indefinite when the ejection occurs.
- b) The suspension is in effect for any further interscholastic competition on that day at all levels of play (i.e., the freshmen coach ejected during the first game may not be in the gym for the subsequent varsity game, baseball/softball coach ejected in first game of multiple game tournament may not be at the field during any subsequent games that day).
- c) The suspended coach or non-player may not participate in another contest at that level until being reinstated by a member of the Commission.
- d) Following review, the Commission may extend the suspension.
- e) When a coach is ejected from a scrimmage or contest, the coach is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility. In football and soccer for example, this means to leave the field and stadium area; in basketball, this implies leaving the building altogether (not simply relocating to another room); in other sports, completely leaving the venue.
- f) An ejected coach may not have any further communication with the game officials following the game.
- g) During the subsequent suspension period of any non-player (coach, administrator, etc.) the coach may not be on school property where the contests are being played and may not be at the venue if contests are played at a non-school site. The non-player may not communicate with the team at any point from the beginning of the contest until the end of the contest.
- h) For all sports and sport-activities except football, following the date of ejection, there shall be a minimum three additional games/meets/contests suspension for any coach or non-player ejected from a contest and shall be served in consecutive games/meets/contests that count against the limit of games/meets/contests contained in Bylaw 23.
- i) For football, following the date of ejection, there shall be a minimum two additional games suspension for any coach or non-player ejected from a contest and shall be served in consecutive games that count against the limit of games contained in Bylaw 23.
- j) For all coaches or non-players sitting out in an individual sport such as swimming, track or wrestling due to suspension, the penalty shall be for the entire meet schedule, not for a single event.
- k) If the ejection was during one of the preseason scrimmages, the penalty shall be served during the first regular season contest(s).
- l) If the ejection was for the final game/contest of the season and was a coach or non-player, the person ejected shall serve the required suspension in the next varsity level contest(s) at the member school for the suspended individual.
- m) For the second ejection during a sports season, the suspension shall be an additional game/contest/meet beyond the minimum suspension

and may be cause for additional penalties that may include suspension for the remainder of the season.

n) For the third ejection during a sports season, the suspension shall be cause for additional penalties including suspension for the remainder of the season.

Sec. 4) PENALTIES FOR EJECTION OF STUDENT-ATHLETES AND OTHER STUDENT MEMBERS OF THE SQUAD

a) The suspension is considered immediate and indefinite when the ejection occurred.

b) The suspension is in effect for any further interscholastic competition on that day (i.e., a freshmen ejected during the first game may not be in the gym for the subsequent varsity game, baseball/softball participant ejected in first game of multiple game tournament may not be at field during any subsequent games that day).

c) The ejected participant may not participate in another contest at that level (JV, Freshmen, Varsity, etc.) until being reinstated by a member of the Commission.

d) Following review, the Commission may extend the suspension.

e) When a participant is ejected from a scrimmage or contest, the participant is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility unless the specific playing rules of the sport call for a different penalty option or the student would be placed in a position of not being supervised. In those cases, the administration of the player's team is responsible for ensuring that the student participates in no other unsportsmanlike activity or the school itself may face additional penalty under Bylaw 27.

f) An ejected participant may not have any further communication with the game officials following the game.

g) During the subsequent suspension period, suspended players may attend contest(s), but may not be in the game uniform or other school identifiable clothing and may not participate in any sport-related activity (warm-up activity) prior to or during the game, and will be classified as non-player personnel during that contest as it relates to playing rules enforcement. It is a local school determination as to whether or not this student may be in the vicinity of the bench or team area.

h) For all sports and sport-activities except football, following the day of ejection, there shall be a minimum two additional games/meets/contests suspension for any participant ejected from a contest and shall be served in consecutive games/meets/contests that count against the limit of games/meets/contests contained in Bylaw 23.

i) For football, following the day of ejection, there shall be a minimum one additional game/meet/contest suspension for any participant ejected from a contest and shall be served in the next game/meet/contest that counts against the limit of games/meets/contests contained in Bylaw 23.

j) For participants sitting out in an individual sport such as swimming, track or wrestling due to suspension, this penalty shall include the entire meet schedule not for a single event.

k) If the ejection was during one of the two preseason scrimmages, the penalty shall be served during the first regular season contest(s).

l) If this was the final game/contest of the season, the ejection was for a student, and the ejected participant is a senior, the full penalty shall carry forward to the next varsity interscholastic contest(s) in any KHSAA sanctioned sport.

m) If this was the final game/contest of the season, the ejection was for a participant, and this was in varsity (first team) competition and the ejected student is not a senior, the full penalty shall carry over to the next varsity season in the sport in which the participant was participating when ejected.

n) If this was the final game/contest of the season, the ejection was for a student, and this was NOT a varsity (first team) contest, the full penalty shall carry forward to the next interscholastic varsity level contest(s) in any KHSAA sanctioned sport.

o) For the second ejection during a sports season, the suspension shall be an additional game/contest/meet beyond the minimum suspension and may be cause for additional penalties that may include suspension for the remainder of the season.

p) For the third ejection during a sports season, the suspension shall be cause for additional penalties including suspension for the remainder of the season.

e) Video MAY be used at the discretion of the Commission to appropriately and properly identify the offenders in a situation where it is possible that misidentification (officials unable to get number, transposition of number, etc.) and where either the member school or game official has requested such review or the Commission has been made aware of the possibility from another source. Video may also be used, at the discretion of the Commission, to review the possible misadministration/misapplication of the consequences of a rule or in the case of ejection, the ejection party has been numerically misidentified.;

f) Video MAY be used at the discretion of the Commission and in compliance with NFHS playing rules, in a situation involving a fight, physical confrontation or ejection where the circumstances are potentially unable to be accurately observed and reported by the game officials.) and where either the member school or game official has requested such review or the Commission has been made aware of the possibility from another source. This could include identifying individuals that were not previously identified, correcting the numbers/names of incorrectly identified individuals, identifying individuals, including non-players or substitutes, who enter the playing area during an altercation, or assessing different levels of involvement in the incident for the purpose of administrative action.

- b) Any live action being shown during the contest may only be the simulcasting of a media broadcast of the event, and no audio from the simulcast can be projected via the venue sound system;

- e) Replays of specific scoring plays and contest highlights may be shown during charged conferences or during breaks between periods, but should reflect a balance between participating teams and may not include announcer commentary;
- f) Game administration is continually expected to exercise prudent judgment and ensure that nothing shown on the video boards can serve to incite the crowd against either team or the contest officials. POLICY- ALIGNMENTS AND REALIGNMENTS

Sec. 1) ONGOING ALIGNMENT OF TEAMS

a) On a perpetual basis, the Commissioner shall ensure that staff maintains a current alignment of teams in each sport with the following review points considered:

- (1) If a single school adds a team (or individuals) or deletes a team (or all individuals), the alignment may be revised on an ongoing basis by the Commissioner;
- (2) The Board of Control may, at its own discretion, choose to realign all teams participation in a sport or sport activity based on input from the Commissioner;
- (3) A realignment may also be caused by a previously adopted alignment having an expiration of its valid period. This is especially important in the enrollment based sports (classified sports). Cross Country/Track and Field and Football are aligned on a four-year alignment period;
- (4) Cross Country and Track and Field shall have the same alignment;
- (5) Football shall be aligned based on the average four-year enrollment of boys in the school, including the year in which the realignment project is completed, and the final alignment shall attempt to result in a final product being adopted at least twelve (12) months notice to the member schools for scheduling;
- (6) Cross Country/Track and Field shall be aligned on a not less than every four year basis, using the average four-year enrollment of total students in the school, including the year in which the realignment project is completed; ~~and~~
- (7) Specific parameters about each sport alignment shall be contained in the Competition rules for the Sport or Sport Activity;
- (8) Where feasible due to the number of competing teams, the alignments in Baseball, Soccer, Softball and Volleyball shall replicate the alignment in Basketball;
- (9) Where the number of teams in the sport does not allow for the alignment in Basketball to be replicated, the teams shall at minimum be placed in the same region in Baseball, Soccer, Softball and Volleyball; and
- (10) In all other sports, the stated objective of the Board is to replicate the alignment in Basketball in all other sports other than Cross Country and Track and Field.

Sec. 2) REALIGNMENT EFFECTING MULTIPLE TEAMS

a) Whenever a sport or sport activity is to be realigned, the Board shall direct the Commissioner to produce the necessary information as to seed discussion by the Board of Control. The criteria and factors to be used in developing a draft alignment shall adhere to the following steps:

- (1) Identification as to whether or not enrollment classifications will be used;
 - (2) Plot/Diagram the location of all competing schools;
 - (3) Begin by looking at geographic clusters of schools. Geography (including specific travel route information) is an important criteria for placement in groups (regions, districts, etc.), but is not the sole determinant for placement;
 - (4) Travel routes must be reviewed as a potential factor, as well as the identification of the existence of multiple travel routes;
 - (5) In the non-classified team sports (baseball, basketball, field hockey, soccer, softball, volleyball), the basketball alignment should be an initial framework, specifically the region boundaries;
 - (6) If possible in the non-classified team sports, the district boundaries should be important element, but the level of participation of the schools in the district must be factor;
 - (7) The unique factors of each sport, particularly the individual sports, must be reviewed including facilities; and
 - (8) The participation and alignment history, both individual and teams, is a factor in consideration, but not the final determinant;
- b) When reviewing alternative suggestions for alignments, the Board shall prioritize the requests from the membership that effect the requesting school over those suggestions that result from suggestions about other schools without effecting the suggesting school.
- c) The following factors are NOT to be considered:
- (1) Past success or failure;
 - (2) Enrollment (in a non-classified sport);
 - (3) Socio-economic status and student body composition;
 - (4) Type of school (A1, D1, F1, J1, M1, R1); and

(5) Specific desires of coaches (input must be from administrative level).

POLICY- USE OF DRONES AT KHSAA MEMBER SCHOOL SPORT AND SPORT-ACTIVITY EVENTS

Sec. 1) BACKGROUND AND POLICY

- a) After considering the factors detailed in NOTAM 91.145 (b) and NOTAM 9/5151 (10/2010) as updated by NOTAM 4/3621 (10/2014), and until additional prescriptive regulations are adopted by the FAA, the KHSAA shall operate congruently with the FAA regulations and NOTAMS on model aircraft irrespective of the seating capacity of the facility (TFR 14 CFR 91.145 and Special Notes FDC NOTAM 9/5151 and NOTAM 4/3621). This means that at KHSAA sanctioned events (scrimmage, regular and postseason) there may be no use of drones for any reason, whether or not the facility has a capacity of 30,000 individuals.
- b) The published unofficial plain language interpretation is as follows:
 - (1) The FAA prohibits flight at and below 3,000 feet above ground level within a 3 nautical mile radius of all sporting event stadiums having a seating capacity greater than 30,000 people.
 - (2) This temporary flight restriction includes all Major League Baseball stadiums, National Football League stadiums, NCAA division one football stadiums, NASCAR Sprint Cup races, and INDY Car races.
 - (3) The temporary flight restrictions begin one hour prior to the start of the sporting event and end one hour after the sporting event has concluded.
 - (4) The KHSAA policy removes the restriction on seating capacity, and as a result includes all KHSAA sanctioned events (scrimmages, regular and postseason contests).
- c) Until further amendment by FAA regulations, if these devices are detected at a KHSAA sanctioned event (scrimmage, regular and postseason), contest officials are to stop play/activity and notify game/contest management. POLICY- KHSAA LICENSED OFFICIALS GUIDELINES AND REQUIREMENTS

Sec. 1) BACKGROUND

- a) In compliance with the Federal Court Decree of 1971 as amended, the KHSAA has guidelines to govern the licensing and assignment of high school (grades 9-12) sports officials. These policies exist to ensure adherence to that decree.
- b) The KHSAA Board of Control, through the Commissioner's office, provides for the licensing and regulation of contest officials in Baseball, Basketball, Field Hockey, Football, Softball, Soccer, Swimming, Track & Field and Cross Country, Volleyball and Wrestling, for the cancellation of such registration for just cause, for the setting of licensing fees, and for the establishment of classification levels and requirements for those levels. Licensing to officiate other activities may be expanded as offerings are added to the KHSAA.
- c) Officiating is not easy, and certainly not suited for every individual. An effective official needs to possess certain characteristics such as quick reaction time, confidence, calmness, consistency, good judgment, cooperation, knowledge of the rules, duties and mechanics, professional appearance, top conditioning, courtesy, a sense of humor, and courage.
- d) The KHSAA believes that officiating is an important part of the athletic program. For this reason, considerable time, effort and money is spent on clinics, videos and materials designed to increase the knowledge and improve the techniques of officials. The KHSAA Board of Control, through the Commissioner, has allowed for the designation of a member of the KHSAA staff to serve as the Supervisor of Officials for all KHSAA sports. This allows even more emphasis to be placed on recruitment and training of officials.
- e) In athletics, the official represents the integrity of the contest. By his or her action, on and off the field, court or pool, the official must earn through unquestioned honesty, demonstrated ability, obvious devotion and full understanding of the contest, its players, coaches, fans and newscasters, the confidence and respect which are the all important attributes for fine officiating.
- f) To achieve officiating excellence, an official must combine his or her knowledge of the playing rules with proper officiating mechanics. The official must be responsible for participants in the contest receiving his or her best effort to the end that he/she will "reach into the rule", refuse to be intimidated by players, coaches or fans, give the play the full flexibility of his/her judgment, and implement his/her knowledge and ability with intelligent, understanding courage.
- g) An official must possess an inner desire to continually improve and strive to be one of the best. Certainly, all officials will not succeed in becoming top officials, but most certainly, the official who lacks this desire to improve has stopped growing as an official.
- h) The Commissioner shall ensure through the Supervisor of Officials, that the Officials Division Policies (Officials Guidebook) are reviewed on a not less than annual basis, and that the Board of Control has final authority on all policy related matters to ensure compliance with the Federal Court Decree of 1971.
- i) It is hoped that this Guidebook will be a value to all concerned.

Sec. 2) ASSIGNMENT OF OFFICIALS FOR CONTESTS IN GRADES 9-12

- a) Pursuant to the Amended Decree entered December 22, 1971 in E. Deedom Alston v. Kentucky High School Athletic Association, United States District Court, Eastern District of Kentucky, Lexington Division, No. 2274, where the use of licensed officials is required for an athletic contest in the sports of football, basketball and baseball, said officials shall be selected by a Commission, composed of the KHSAA Commissioner and the Assistant Commissioners.
- b) The Commission has the authority, however, to contract with individuals to assist with this selection. Pursuant to this authority, the Commission may enter into agreements with persons to directly assign regular season contests, known as "Assigning Secretaries". The Commission shall directly assign all officials for all KHSAA sponsored (district, region, semi-state, section and state) championship competition.

The Officials Division shall be responsible for the recruitment, supervision, training and assignment of officials to events where the use of licensed officials is required and where the KHSAA provides licenses. The KHSAA Commission has the authority, however, to contract with individuals to assist with the assignment of officials.
- d) Current specifications for the Officials Division are found in the KHSAA Bylaws, KHSAA Board of Control Policies and Procedures, and in the KHSAA Officials Guidebook. KHSAA administration of each sports program shall remain with the KHSAA Commissioner, Associate Commissioner and the KHSAA Assistant Commissioner with responsibilities for that sport. As an independent contractor, I am not an employee of the KHSAA or member school when serving as an official and understand that the KHSAA shall not provide insurance or other benefits consistent with employment. I request that the proper fee be taken from my registration amount and made payable for membership in the NFOA as detailed in KHSAA regulations and to properly submit to a criminal background check. Sec. 7) RECRUITMENT OF OFFICIALS

a) The KHSAA is bound by Federal Court decree as well as by the very nature of its existence to recruit new officials. This has been done by many methods, most at the local level. The Officials Division has adopted the following standard procedures for recruitment of officials:

(1) The KHSAA shall ensure that local associations, through the Assigning Secretary, utilize any medium and format possible to recruit new officials;

(4) The KHSAA offers a discounted license for full-time college students (12 hours) with verification of a full-time class schedule in an effort to get them involved at an early age.

Sec. 8) QUALIFICATIONS FOR LICENSING

a) The minimum standards for licensing of all officials shall be:

(1) Applicant for licensing to officiate high school age (grades 9-12, freshmen, JV, varsity) competition and competition for students in grades 6-8 shall be a graduate of an accredited high school or be at least eighteen years of age. The Commissioner, with approval of the Board of Control, may authorize a program to allow for the licensing of high school seniors, who may or not be eighteen (18) years of age and who are otherwise in compliance with licensing requirements and agree to be eligible to officiate only contests involving students below grade nine (9);

(2) Licensing fee shall accompany application form. The fee shall be returned if applicant does not meet requirements or if the proper amount is not enclosed;

(3) Able to physically perform the duties of being a sports official including having an annual physical prior to officiating grade nine through twelve competition;

(4) Annually document completion of the KHSAA rules clinic. If not, schedule is subject to immediate cancellation following the end of the clinic time period and the official is subject to other penalty such as lack of postseason assignment;

(5) Licensed with KHSAA and in good financial standing; and

(6) Submit to a Criminal Records and Background check upon request by KHSAA in accordance with adopted policy.

Sec. 9) FEES FOR LICENSING AS AN OFFICIAL

a) Each official or prospective official desiring a license shall pay a fee. The licensing fees are also intended to cover costs of rules publications, postage and shipping, printed forms, membership in the National Federation Officials Association, rules interpretation meetings, fees for Arbitersports.com usage, and other costs of administering the officials program.

b) The fee which shall be published each year as part of the adoption of the standard minimum officiating fees, in order to license as an official with specific components as listed below:

(1) Administrative Fee - Each official or prospective official shall pay an administrative fee to license with the KHSAA. From this fee, the official will receive the membership dues into the National Federation Officials Association (NFOA) and insurance coverage fees shall be paid for each official as described in this brochure, notification regarding the Athlete Magazine when it is published online, and the other relevant news and mailings general to all officials. This administrative fee will also fund the Officials Trust Fund (\$5 per official for recognition programs and an annual banquet), and the required Criminal Background Checks as well as other items designed to promote, recruit and retain licensed officials in all sports;

(2) Per Sport Fee for Each Sport Licensed - Each official or prospective official shall pay a fee for each sport in which he/she desires to license. For example, a person desiring to license in one sport would pay the Administrative Fee and the fee for the sport. If a currently licensed official desires to add a new sport or renew in a previous sport after the deadline, the fee shall be the same as the re-licensing additional sport fee, and process would be as described for all new officials;

(3) College, University, or approved High School Mentor Fees - Each full-time student (12 hours) at a college or university (with verification of schedule submitted to the KHSAA) will have the Administrative Fee and the Per Sport Fee reduced. For example, a college student

desiring to license in one sport would therefore pay the administrative fee, and an additional per sport fee;

- (4) Twenty-Five Year Officials - The fees for officials licensing in a single sport into their 26th year or beyond shall be waived ~~waived~~ for all sports, but each may be assessed the administrative fee. The licensing process shall be completed through the KHSAA prior to the acceptance of any assignments;
- (5) Late Licensure Fee - Each re-licensing official shall be charged a late fee for failing to license by the June 30 deadline in all sports. A late fine shall not be assessed for a re-licensing official who desires to add a first-time sport or for a new (prospective) official. Officials licensing after more than one year of lapse in licensing are not subject to the late fee;
- (6) Late Clinic Fee - A fee may be assessed to officials who fail to verify competition of the required rules clinics in specific sports during the no-charge period. This fine shall be waived in a sport for first time licensing officials; and
- (7) NSF (Insufficient Funds) Check or Declined Credit Card - A fee will be assessed to any official whose check fails to clear the bank and the transaction results in the KHSAA having a fee assessed by its financial institution. Licensing will be suspended for these officials or prospective officials until this fee is paid.

Sec. 10) LOCAL OFFICIALS' ASSOCIATIONS

- a) The KHSAA's officiating program for recruiting, training and retaining officials depends upon the involvement of local officials' associations.
- b) It is the ultimate goal of the KHSAA to have every official as an active and participating member of a local officials' association.
- c) Local associations have many roles, including:
 - (1) The recruitment and encouragement of new officials;
 - (2) Assist the Assigning Secretary in administering training and rules discussion meetings for officials; and
 - (3) Monitoring the local association to ensure compliance to all KHSAA regulations and standards by member officials

 - (2) Only duly licensed KHSAA officials are eligible for membership in a sanctioned local officials organization unless participating in a program approved by the Commission;
 - (3) The local group may adopt its own name and its proposed Constitution and Bylaws. However, the proposed Constitution and Bylaws shall be submitted to the KHSAA for review and approval. The Bylaws of the local association may not set aside the rules of the KHSAA nor may these documents conflict with the assigned duties of the Regional Policy Board and Assigning Secretary;
 - (4) A list of the current officers of the local regional organization shall be kept on file with the Commission;
 - (5) The local association may not make rules or policies that supersede KHSAA requirements for officials in terms of qualification of varsity roster status or placement in crews or groups. That is the specific discretion of the Assigning Secretary; and
 - (6) The local association may not make rules or policies that supersede KHSAA requirements for officials in terms of postseason qualification. That is the specific discretion of the Association as all assignments are made by the Commission.

Sec. 11) REQUIREMENT FOR CRIMINAL BACKGROUND CHECK AND STANDARDS FOR REVIEW

- a) A background check shall be done by the Kentucky High School Athletic Association ("KHSAA") on all licensed officials every five (5) years. The background checks will be done using the database of the Kentucky Administrative Office of the Courts ("courtnet") or other comparable firm.
- b) All new officials (prospective officials) shall have a background check done upon initial licensure. This first licensure shall be considered provisional in nature pending the successful completion of the background check. If the report is deemed inaccurate or does not provide sufficient detail of offenses, KHSAA may, at its discretion, request the applicant to provide a background check from the Department of Kentucky State Police. The cost of the Kentucky State Police Background check shall be borne by the appellant.
- c) Once completed, the background checks will be reviewed within the following items leading to PERMANENT SUSPENSION OR DENIAL OF LICENSURE. Sec. 12) APPEAL RIGHTS

a) The Supervisor of Officials shall notify, in writing, any official or prospective official that their license is being denied or temporarily/permanently suspended.

(1) Any official or prospective official suspended or denied licensure may appeal the decision of the Supervisor of Officials to the Commissioner. In support of their appeal, the official or prospective official shall procure and submit a background check from the Department of the Kentucky State Police. The cost of this check shall be borne by the appellant. As a part of any appeal, the following shall be considered:

a. If suspension or denial of license is based upon the conviction of a felony, the Commissioner may restore or issue a license if more than five (5) years have passed since the completion of the sentence, parole, or probation that was issued in the matter (provided the offense was not classified as: a sex crime or criminal offense against a minor as defined in KRS 17.500; unlawful transaction with a minor as set forth in KRS 530.064 or KRS 530.065; or a crime that results in the individuals being listed as a violent offender as defined by KRS 17.165);

- b) Prior to the published deadline of the upcoming licensing year - Licensing and fee payment is required of ALL Previously Licensed Officials in ALL sports for the coming school year. For sports and tournament levels requiring a Level 2 or Level 3 official, those sports officials shall have licensed no later than the published deadline of the licensing year.
- c) A final deadline shall be published on the KHSAA website for receipt of the licensing application and fee as well as any required examinations. Applications received after deadline dates will be not be processed and prospective registrants will be eligible to resume the process when licensing is opened for the subsequent year.
- d) Each completed re-licensing form processed after the published deadline shall be assessed a late fee. It is the official's responsibility to maintain address and contact information online if any has changed as the official will be liable for late fees without waiver.
- e) Officials shall license in all sports with the same renewal form.
- f) Late licensing shall be allowed only with the payment of any applicable late licensing fees.
- g) Upon completion of the re-licensing requirements, each official may print his/her license from the KHSAA website. This license shall be available for examination at any KHSAA contest event.

- c) A handling charge shall be assessed on any check returned by the bank or declined credit card for any reason. An official shall be considered not licensed until all fees are paid.

Sec. 16) REQUIREMENT TO JOIN LOCAL OFFICIALS ASSOCIATION

- a) Each licensed official must join a local association to officiate contests for grade 9-12 competition (freshmen, junior varsity and varsity) if one is formed in sport and abide by the rules of that association. In wrestling, the only recognized association for the purpose of meeting this requirement is the Kentucky Wrestling Officials Association. After having received the Level 3 rating, the official shall continue to receive the rating each school year upon payment of the annual licensing fee.

Sec. 18) RECIPROCITY OF OFFICIALS/MOVEMENT BETWEEN STATES

- a) Officials may desire to officiate in more than one state or may transfer into Kentucky after licensing in another state. If concurrent licensing is desired, it would be necessary to license in each state and fulfill all of the requirements of each state. Many states accept such items as test scores, clinic attendance, etc. from an officials' tenure in a previous state. Kentucky does not honor rules clinic attendance or transfer of licensing levels from other states.
- b) The KHSAA shall recognize years of officiating experience in other states while not licensed in Kentucky and Part 1 examination scores of an official transferring into Kentucky after having been licensed as a contest official in another state that conforms to the playing rules of the NFHS.

- c) This membership also provides access to the Arbiter Central hub for the NFHS which allows for searchable rules books, case books, and other study material.
- d) As part of the administrative fee paid each year, each official also has catastrophic medical insurance coverage. For questions regarding

insurance coverage under the program, please contact the NFHS in Indianapolis or see the program description on the KHSAA website.

Sec. 21) CONFLICT OF INTEREST - GENERAL STATEMENT AND REQUIREMENTS TO AVOID CONFLICT

 - (6) If the official or the official's spouse attended or worked at either school within the last 10 years.
- c) An official shall advise the assigning secretary of all known conflicts of interest with schools normally served by the local association prior to any assignments for a season.
- d) In the event an Assigning Secretary does not know of a conflict in accordance with a) and b) above, an individual official shall notify the assigning secretary of all known conflicts upon receipt of the schedule and the official shall not accept an assignment without first insuring compliance with the provisions of this section.
- e) In the event a conflict with these provisions becomes known after acceptance of the contest, the official shall make such conflict known to the assigning secretary or assigning authority as soon as practical:
 - (1) If the conflict is under a) above, the official shall be removed from the contest or tournament without penalty; and

Sec. 22) MEMBERSHIP APPROVAL OF ASSIGNMENTS (SCRATCHES)

- a) By virtue of the Federal decree, a member school shall have the privilege of scratching/red-lining a limited number of officials (scratches) that it does not desire to have as contractors on the athletic contests of that school.
- b) The amount of scratches per school/coach is determined by the Regional Policy Board, may only be from that specific local officials association, and shall be limited to a minimum of two (2) and a maximum of three (3) officials.
- c) Scratches shall be made in the preseason, and may not be changed during the playing season or prior to postseason.
- d) Scratches are valid for one-year and must be renewed annually to be honored.
- e) Scratches properly submitted in a timely fashion shall be honored by the Assigning Secretary and the officials shall not be assigned to a home, away or neutral site contest in the sport during that season.
- f) A member school of the KHSAA shall not take any action to prevent an athletic official from officiating a contest, including the use of a scratch because of the official's race, sex, religion or national origin, nor may a member school participate in a contest where such preventative action has been taken.

Sec. 23) ADVANCE CAMPS/CLINICS/TRAINING

- a) In many sports, local associations or other entities including the KHSAA may conduct advance specialized training efforts for the purpose of allowing officials to voluntarily receive concentrated instructions and training.
- b) Such camps cannot be used as a required revenue generator for assigning secretaries beyond nominal cost for time and expenses to conduct the activities.
- c) ~~b~~ The sports specific contact within the Association can advise the officials in a specific sport as to the availability, and any relevant requirements for attendance.

Sec. 24) RULES CLINICS

- e) The test is not administered in the KHSAA offices.
- f) It is recommended that active officials take the Part 2 exam each year.

Sec. 26) ACCEPTANCE OF ASSIGNMENTS

- a) An official shall accept assignments in the time and manner prescribed by the appropriate Assigning Secretary.
- b) Failure to work an accepted contest, unless providentially prevented from doing so, may be cause for a one-year suspension in that sport.

Sec. 27) PAYMENT OF CONTEST OFFICIALS

- a) Where permissible, the officials for a given KHSAA athletic contest are to be paid upon arrival at the venue in the privacy of dressing facilities. This is preferred to paying in a public setting such as at the playing site itself (on the field or court).
- b) If these independent contractors cannot be paid for service until after the service has been performed, the payment method is to be made by school administration immediately following the contest and not by members of the coaching staff.
- c) If schools are in a situation where payment cannot be made at the game site, it shall be made within seven (7) days to the contest official.
- d) ArbiterPay, a division of ArbiterSports has been approved by the Commonwealth of Kentucky Auditor of Public Accounts as a permitted paying agent for contest officials to allow for electronic payment and required document processing.
- e) The use of ArbiterPay allows for the schools to NOT have to handle sensitive information such as the required forms with social security numbers of officials, and also manages required IRS tax information on behalf of the official.
- f) If the submission of the social security number by game officials is required prior to payment, the request for this information shall be made to the game officials on approved Board of Education supplied forms, and the handling of this information shall only be by adult school representatives who are employees at the school who shall be liable for the inadvertent release of information.

- b) It shall be a criterion for being a licensed official that the official shall release information from the KHSAA to this company and that as directed by the Assigning Secretary, the official shall fully utilize the services of this company.
- c) All assigning secretaries shall utilize the features of the arbitersports.com system to record scratches and ensure that a scratched official is not assigned.
- d) All assigning secretaries shall utilize the "bill to" features of the arbitersports.com system to ensure proper notification of the fee due to officials and enable the use of the ArbiterPay system.

Sec. 29) OFFICIALS FAIL TO ARRIVE

- a) In the event a contracted official fails to arrive for a scheduled contest, the Assigning Secretary may have those officials who are present:
 - (1) officiate the contest with less than the usual number of officials. However, the crew size shall be compliant with NFHS playing rules. (For example, a nonvarsity football game shall have not less than 3 officials as that is the minimum acceptable crew size). In this case, the contest official(s) who officiate the contest are entitled only to the compensation for themselves, no additional fee is due;
 - (2) replace the absent official with a properly and currently licensed local official; or
 - (3) cooperate with the involved teams to postpone/reschedule the contest.

Sec. 30) FACILITY/GROUNDS FIT TO PLAY

- b) If a contest is canceled and the officials were notified prior to departure, there is no financial liability on the part of the school.
- c) If a contest is canceled prior to the officials leaving home and the officials are not notified, the home school is responsible for the payment of a full game fee plus the local policy board travel allowance.
- d) If a contest is canceled due to circumstances that occur after the officials have left home but prior to the start of the contest, the home school is responsible for the payment of the local policy board travel allowance fee to the crew of officials, plus a fee of 1/5 of the KHSAA established contest fee to each official.
- e) If a contest is postponed after the start of the contest due to inclement weather, the officials originally assigned to the contest shall make every effort to be available for the completion date. The member schools shall not be liable for an additional contest fee for the officials to work the re-scheduled contest, but shall be liable for an additional travel expense (mileage) fee. Each local officials' association is to implement a policy for the remuneration of officials working a re-scheduled contest who were not originally assigned to the contest.

Sec. 32) IDENTIFICATION REQUIREMENT

- a) It is important that prior to each contest, the Assigning Secretary and member schools verify that officials are licensed by the KHSAA. The official's responsibility in this situation is to present the current identification card to the host school Athletic Director before the contest.
- b) Under no condition shall an Assigning Secretary assign an official who is not properly licensed by the KHSAA to a freshmen, junior varsity or varsity high school athletic contest.
- c) It is the responsibility of the member school to verify that each official is licensed.
- d) It is also possible to verify licensing via the KHSAA website, www.khsaa.org.

Sec. 33) MAINTAINING RECORDS

- a) Each official and prospective official is required to establish a secure login to the KHSAA website. The portal for this login is located at www.khsaa.org.
- b) The login is done by entering the email address of the official, and a password established by the official.
- c) The KHSAA does not maintain password lists and cannot offer assistance in retrieving passwords. However the password may be reset by the official at any time.
- d) Much of the information needed by officials (test scores, re-licensing forms, clinic attendance registry, detailed address and phone listings for officials, etc.) is only available through the secure login site.

e) It is each official's responsibility to notify the KHSAA office immediately with any address changes. There will be no waiver of any late fees or obligations of an official due to mail or parcels not arriving due to incorrect address information (electronic or regular mail).

Sec. 34) DISQUALIFICATIONS - REPORTS (ONLINE ONLY)

- b) Disqualifications are to be reported online via the KHSAA website, www.khsaa.org. Submission in this manner automatically forwards the report to both schools and to the Association.

Sec. 38) PLAYING RULES AND QUESTIONNAIRES

- a) The playing rules that govern interscholastic competition for KHSAA member schools are formulated by the National Federation of State High School Associations (NFHS) for the sports of baseball, basketball, competitive cheer (including dance), field hockey, football, soccer, softball, swimming and diving, track and field (cross country), volleyball and wrestling.
 - (1) Persons who are involved at the interscholastic level and are directly responsible to secondary schools write NFHS rules for the high school level of competition.
 - (2) According to NFHS policy, the KHSAA would forfeit its opportunity to appoint representatives to the NFHS rules committees if this Association were to make exceptions to, or modifications of, NFHS rules for varsity competition on a statewide basis.
 - (3) While members of the Association, the Association staff and the contest officials may not agree with every decision made by the rules committees, it is the NFHS policy to acknowledge and utilize our persons who have committee input, and respond to questionnaires when asked.
 - (4) Licensed Officials who wish to voice a concern or offer a recommendation to a specific sport committee may do so by writing to the appropriate member of the KHSAA Staff. Playing rules questions are more appropriately addressed to the rules interpreter for that particular sport.
- b) The playing rules that govern interscholastic competition in golf for KHSAA member schools are contained in the Competition Rules of the KHSAA and are based on the rules of the United States Golf Association.
- c) The playing rules that govern interscholastic competition in tennis for KHSAA member schools are contained in the Competition Rules of the KHSAA and are based on the rules of the United States Tennis Association.

Sec. 39) SOCIAL MEDIA, OFFICIATING AND ELECTRONIC CODE OF ETHICS

- a) With the increased use of social networking through the internet and via mobile phone and devices, it is important for officials to

understand the importance of maintaining an ethical approach while participating in various forums, chat rooms, and all forms of social media.

- b) Violations of this policy will be considered conduct "unbecoming" an official and subject a licensed official to licensure suspension.
- c) To malign or openly criticize another official in any form of electronic communication is considered not only unprofessional, but also undermines sports officiating in general.
- d) It is also unprofessional for officials to offer rules clarifications or interpretations through this medium without the expressed directive from the appropriate state high school association.
- e) Licensed officials have to be very careful with the use of social media. In many cases, closed discussion and understanding is important to consistency and rules enforcement. The line is crossed when an official states, "The call should have been", or "The rule should have been interpreted as", for those are statements that should only be made by those officially designated by the NFHS or state offices to make such interpretations. Internal discussion is likely a very good thing if the audience can be securely limited. A moderator or discussion leader can then say "we have had enough debate, we will get a clarification and post it online when we get it." That's the advantage of closed forums.
- f) Social networking sites can be wonderful communications tools. But there can be unintended consequences if they are used improperly. Because of their unique standing, officials need to be particularly careful when using those sites. Here are some reminders and guidelines:
 - (1) Consider social media communications as public at all times, even if created with private intentions.
 - (2) If you are going to use social media in any form, consider your communication may be read by anyone at anytime.
 - (3) Be aware that posts on social media are visible to the general public.
 - (4) Even if you limit access of your page to friends, it is likely that your post will be viewed by someone beyond the circle of people you intended to see it.
 - (5) Remember that you represent the officiating industry, your associations, your assigners and your partners. Act accordingly.
 - (6) Promote officiating in a positive light and with a general feeling of pride and professionalism. You are an ambassador for officiating.
 - (7) You have a unique access to information. The same ethical restrictions that apply to any form of public speech also apply to social media.
 - (8) It is inappropriate to communicate specifics about your assignments, other officials, conferences/schools, coaches, players or any related personnel.
 - (9) Do not engage in specific play and or ruling evaluation/commentary, whether it be of a game you worked, one that you witnessed or in general about the impact of officials in any sporting event.
 - (10) Communications among officials for learning purposes should be done privately and not through the use of social media.
 - (11) Be mindful that email and other forms of direct communication can be made public.
 - (12) Be very sparing in the sharing of your personal information, including photos.
 - (13) Report fake profiles or posts to the appropriate authorities/governing bodies in a timely fashion.
 - (14) Follow specific conference, school and/or governing body social media policies.
 - (15) Find out and follow your association or chapter expectations regarding social media including state policies.
 - (16) Your association may not have hard and fast rules, but find out if it has an unofficial policy.
 - (17) Think twice before you post. If there is anything in your post that could be construed as a criticism of officials, of officials' decisions, or of schools, coaches or athletes...it's better left unsent.
 - (18) Assume that your post will be seen by the two teams you will see in your next game and the teams you worked in your previous game as well as your partner(s) in those games.
 - (19) Do not post anything relating to the schools you have worked or will work. It calls your objectivity into question.
 - (20) Do not include anything in a post that makes reference to an upcoming assignment. If teams want to find out who is going to be working their game, they should do so through official channels, not your tweet.
 - (21) Do not post details about other people's assignments, to playoff games for instance, until that information has been officially released. Don't use your page as a news service.
 - (22) Do not use social media to criticize state or local association policies, assigning practices, etc. as there are better and more appropriate ways to express those concerns.
 - (23) Do not make posts regarding calls made by officials in other games, whatever the level.
 - (24) You and your friends might debate the call you saw on TV, but debating the call on Facebook, Twitter or other forums and social media is a no-no.
 - (25) Accountability and integrity should always be our guiding principles.
 - (26) Jeopardizing your impartiality or professionalism should never be a part of your actions or posts.
- g) It is also important for sports officials to realize that it is considered very unprofessional to carry a cell phone on the field or court, regardless of the reason.
- h) Officials are encouraged to refrain from the use of any type of electronic devices for any communication while the official has NFHS rule book jurisdiction, including texting or other forms of messaging or communication except in the case of an emergency.

Sec. 40) OFFICIALS UNIFORM COMPLIANCE

- a) Licensed officials are occasionally requested to support various charitable causes or recognition of events by making changes to the required official's uniform.
- b) These requests usually entail officials being asked to wear a variety of colored uniform items, such as whistles, beanbags, flags, hats, wristbands, lanyards, etc.
- c) These requests may also include the adding of special cause-related patches or other insignia to the uniform for special events.
- d) While many of these causes are highly worthy, officials must find ways to support those causes other than by granting these requests to wear these non-standard uniform items.
- e) Please be reminded that all KHSAA licensed officials must wear the standard uniform with no variation of colors, patches, or other changes in all sports and that there will be no exceptions.

BOARD OF CONTROL ADOPTED POLICIES STATEMENTS

Many decisions are made that are only recorded in the minutes of the Board of Control meetings although they establish precedent to guide the Commissioner in execution of the duties of that office. The Board of Control has also made several position statements to clarify the official stance of the Association on a specific matter, and how those provisions are to be applied including which awards shall be officially sponsored by the Association.

Bylaw 21 requires all material submitted regarding the KHSAA for protests and reporting of violations to be in writing. If those reports are anonymous, the letters shall be forwarded by the Commissioner's office to the school administrator of the school in question, with no further action taken by the KHSAA unless that administrator reports a violation or further substantiated and signed information is received. Anonymous callers shall be informed that the KHSAA staff has no authority to act on anonymous calls.

POLICY STATEMENT -ACCEPTING CALLS FROM MEMBER SCHOOLS AND THE GENERAL PUBLIC

The KHSAA staff prioritizes calls from the member school representatives. The KHSAA staff receives hundreds of phone calls and electronic mail messages each week from member schools. Because the KHSAA exists to serve the member schools, responding to their inquiries is the top priority. The large volume of calls from parents and students has dramatically affected our ability to serve the member schools. School administrators shall remain the first and preferred contact resource for parents and students. The KHSAA shall refer calls from parents or students to the appropriate school personnel, and ask that the administrator contact the KHSAA if there is a need for a specific answer or rules clarification.

POLICY STATEMENT- CERTIFIED/ LICENSED TRAINERS AT PRACTICES/ CONTESTS

The Kentucky High School Athletic Association has long recommended and continues to recommend, that medical coverage be present at all athletic practices and contests. Because of the unique skill set of Certified/Licensed Athletic Trainers it is recommended that one of these individuals be present at all practices and contests. It is also strongly recommended that the member schools utilize only Certified/Licensed Trainers per the Kentucky Board of Medical Licensure, and not members of any other vocation making this claim but without this legal designation. While acknowledging the expense of provided a certified/licensed trainer, it is nonetheless noted that this shall be an integral part

of your athletic planning process.

POLICY STATEMENT- SECURITY PRACTICES FOR CONTESTS

While many schools have measures in place regarding safety and security at athletic contests, all members are reminded of the importance of this area. The National Federation and the Kentucky High School Athletic Association have made a strong effort in reminding all state associations and member schools of the importance of member schools understanding the necessity for adequate security. Crowd control has become a major emphasis across the nation and though many schools have provisions in place, it is important to take every precaution to protect the athletes, fans and general public at contests. While acknowledging the expense of security, it is noted that this shall be an integral part of your athletic planning process.

POLICY STATEMENT- ETHNIC AND CULTURAL DIVERSITY & SEXUAL HARASSMENT

The KHSAA recognizes the cultural diversity of its member school athletes, coaches, fans and spectators. Prejudice or discrimination within the athletic program on the basis of race, color, religion, ancestry, age, national origin, disability, sex, sexual orientation, gender identity, or United States military service cannot be tolerated. The KHSAA encourages each of its schools to unite in this effort. The KHSAA has no tolerance for sexual harassment or discrimination based on race, color, religion, ancestry, age, national origin, disability, sex, sexual orientation, gender identity, or United States military service. If those acts are discovered during the course of normal operations, all information shall be forwarded to the appropriate authorities.
