

Memorandum of Understanding
Boone County School District and Boone County Extension Office for
The English Learner Newcomer Academy at the Boone County Extension Office

The shared vision of this partnership is to create a smaller, more targeted learning environment for our English Language Learner student population in Boone County Schools.

The purpose of this agreement is to outline the conditions of partnership between Boone County Schools and the Boone County Extension Office.

Boone County Schools will conduct an English Learner Newcomer Academy in the Claxon Room of the Boone County Extension Office for a minimum of the 2018 - 2019 school year. Wireless access is needed for this Academy. Boone County Schools will contract with the below vendors and provide funding for the following labor and materials to provide wireless access in the Claxon Room:

Professional Cabling Solutions - Total not to exceed \$889.40

Install, terminate and test one Cat 6 plenum cable for WAP
Cable will be tested and labeled

C-Forward, Inc - Total \$1694.68

Cisco Aironet Wireless Access Point
Cisco License
Labor

At the conclusion of the installation, the equipment becomes property of the Boone County Extension Office. The responsibility for maintaining the equipment and wireless access for the Claxon Room rests with the Boone County Extension Office and their normal technical support procedures.

When the above equipment has reached its end of life and needs to be replaced, and the English Learner Newcomer Academy is still meeting in the Claxon Room, Boone County Schools will work with the Boone County Extension Office on updating the above equipment. Otherwise, replacement resides with the Boone County Extension Office.
