

INSTRUCTIONAL SPOTLIGHT: SUMMER LEARNING

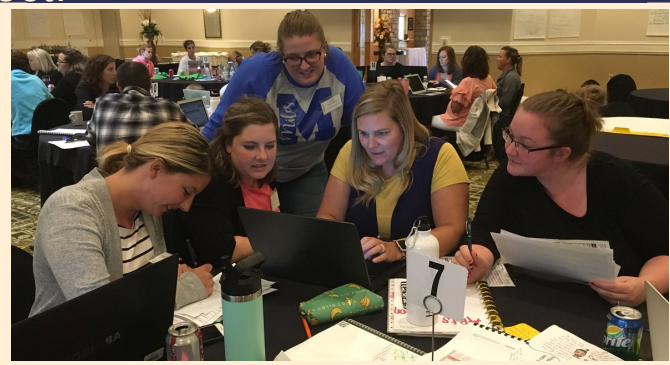

"I intend to plan my instruction more intentionally so that I include the delivery strategies. I'm thinking these will become habit after I start using them more."

"...easy to implement strategies... we can start using them immediately."

--Explicit Instruction training participants

"It was such a great week! I can't wait to share our mockcaldecott' project!"

"Our thinking has changed this week. We cannot wait to integrate arts into ELA content! Its going to be so easy!"

--NKIAE summer workshop participants

"There are so many resources that I never have time to find them all. I love that we can walk away with a hyper-doc that I can come back to again and again as a reference."

--PE and Arts & Humanities Regional Summer Academy participants

"Everything was very informative. I'm glad I actually got time to practice the things I learned."

"I never knew that!"

--Tech 101 and 102 participants
