

## **PROGRESS REPORT**

### **HARDIN COUNTY SCHOOLS**

#### **NEW LINCOLN TRAIL ELEMENTARY SCHOOL NEW EAST MIDDLE SCHOOL NEW NHHS BATTING BUILDING**

**Project No:** 201752, 201752.01, 201848  
**Date:** August 16, 2018  
**Time:** 6:00 PM  
**Location:** Hardin County Board of Education

---

#### **NEW LINCOLN TRAIL ELEMENTARY SCHOOL (BG# 18-098) NEW EAST MIDDLE SCHOOL (BG# 18-267)**

Following last month's Schematic Design approval, JRA transmitted the schematic documents to KDE for approval.

In the interim, JRA has continued to move the projects into the next phase, Design Development. Recent and forthcoming activities include the following:

- A kick-off meeting to discuss the kitchen designs for both facilities. Several options have been presented including traditional serving lines, double sided self-serve lines, and food court concepts. Equipment needs and preferences were also discussed.
- Room-by-room discussions for each of the instructional areas and other space groups, including classrooms, art classrooms, music classrooms, special education, administrative spaces, media centers, etc. Each set of end users has been given an opportunity to give input on the room designs and configurations.
- JRA has also engaged our sub-consultants to begin the design work on the building structure and MEP systems designs.
- JRA has been assisting Alliance in preparing the first project estimates for both buildings.
- Finally, JRA has created several design charrettes looking at various design options discussed at the last Board Meeting.

Progress Report  
August 16, 2018

---

Progress continues to be made and our goal is to present complete Design Development Documents to the Board at the September Board Meeting. Materials to be presented to the Board should include more detailed floor plans, site plans, refined building elevations, enlarge program area plans, building and wall sections/details, and more refined building renderings for each project.

**NEW NHHS INDOOR BATTING BUILDING (BG# 18-402)**

JRA has completed the design documents for the indoor batting facility, which are otherwise ready for bidding.

Action items tonight include approval of the documents so that KDE can authorize the bid advertisement. The plan is to bid the project quickly, and enter into construction as soon as possible. Occupancy this fall is desired.
