Lesson Plans

Students will read the graphic novel version of Dracula during the month of September. While reading, they will focus on characterization, inferencing, plot, theme, tone, and mood as these are a part of our 8th grade Common Core State Standards.

As a class, we will explore the [Dracula Play Guide](#) provided by Actors Theatre to further prepare for viewing the play.

Afterward, the students will write an open response about how viewing the action of the play can change their perspectives on the drama and characters in the novel. They will also compare and contrast any differences that may arise between the two versions.

Standards to be covered:

RL.8.1: Cite the textual evidence that most strongly supports an analysis of what the text says explicitly as well as inferences are drawn from the text.
