MEMO

TO: Jesse Bacon 

FROM: Mark Mitchell 

DATE: August 14, 2018

RE: Board Agenda Item – Compost Project – Bullitt East High School

Presented for Board approval is a request from Mr. Chris Mason to allow the Bullitt East Agriculture Department to build a compost bin adjacent to the greenhouse at Bullitt East High School.

The compost project is a student-driven idea developed in the process of cleaning out plants from last year. Being resourceful and good stewards of the environment are learning targets within the agriculture class. The project consists of constructing 4'6"W x 4'6"D structure 5'0"H. This is a three-sided, permanent structure that will be utilized year-round and maintained by the agriculture department at Bullitt East High School.

I recommend the Board approve the request from Mr. Chris Mason to allow the Bullitt East Agriculture Department to build a compost bin adjacent to the greenhouse at Bullitt East High School.

Mark Mitchell  
Director of Facilities  
BCPS

Mr. Mitchell

This letter is a request permission for Bullitt East Agriculture department to build a compost beside the current Greenhouse. There is no cost as our AG teacher Megan Terry has personally bought all the supplies. Thank you for all your help with this project.

Sincerely,

Chris Mason Principal
