### MEMO

TO: Jesse Bacon, Superintendent *JJB*

FROM: Lisa Lewis, Director of Finance *Lewis*

DATE: August 15, 2018

RE: Electronic Payment Processing

Due to the growing nature of electronic payment processing and acceptance, the district will begin accepting debit and credit cards as a form of payment. The implementation of this project will begin at the central office and be extended to the schools.

Currently, the district utilizes My School Bucks at the food service level. This program will run as an additional function of My School Bucks so other school payments may be received. The district's policy was updated to include language concerning electronic payments. Also, the agreement with My School Bucks will be reviewed by the district's attorney.
