Lesson Plans

The students will receive a tour of the Capital Building, including:

- 1) An opportunity to observe the signing of the Gifted and Talented Proclamation - recognizing the month of February as Gifted and Talented recognition month.
- 2) Meet with their Senate and House representatives
- 3) Observe the Senate and/or House in session.

Academic Expectations

- 2.14 Students understand the democratic principles of justice, equality, responsibility, and freedom and apply them to real-life situations.
- 2.15 Students can accurately describe various forms of government and analyze issues that relate to the rights and responsibilities of citizens in a democracy.
- 2.16 Students observe, analyze, and interpret human behaviors, social groupings, and institutions to better understand people and the relationships among individuals and among groups.
- 2.17 Students interact effectively and work cooperatively with the many diverse ethnic and cultural groups of our nation and world.

Big Idea: Government and Civics The study of government and civics equips students to understand the nature of government and the unique characteristics of American representative democracy, including its fundamental principles, structure, and the role of citizens. Understanding the historical development of structures of power, authority, and governance and their evolving functions in contemporary U.S. society and other parts of the world is essential for developing civic competence. An understanding of civic ideals and practices of citizenship is critical to full participation in society and is a central purpose of the social studies. Academic Expectations 2.14 Students understand the democratic principles of justice, equality, responsibility, and freedom and apply them to real-life situations. 2.15 Students can accurately describe various forms of government and analyze issues that relate to the rights and responsibilities of citizens in a democracy.
