Re: Bid – Student Athlete Random Drug Testing  
Opening – 3:00 p.m., September 6, 2018  
Attn: James R. Mangels

To Whom It May Concern:

Please, accept the enclosed bid from Trigg County Hospital for the provision of student athlete random drug tests.

We have identified the following person as our point of contact for laboratory services. We are available to answer any questions and/or address any concerns you may have regarding this service.

Company: Trigg County Hospital – Laboratory  
Contact Name: Haley Joiner  
Title: Laboratory Manager  
Address: 254 Main Street  
P.O. Box 312  
Cadiz, KY 42211  
Phone: (270) 522-3215  
Fax: (270) 522-6427

*H. Joiner @ Trigg Hospital 10/13*

We are prepared to provide all services identified under Scope of Services. Trigg County Hospital staff are screened prior to employment and also complete pre-employment drug testing. Additional screening shall be completed as necessary should the hospital be awarded the contract to serve Trigg County Schools in this activity. The Hospital's staff are trained and professional in the completion of their duties to include maintaining confidentiality, ensuring chain of custody requirements are met and processing specimens according to federal laboratory requirements. The hospital has a newly renovated area where specimens can be collected in privacy and comfort. All necessary supplies are readily available and maintained by the hospital.

TCH has an established agreement with a drug screening laboratory that ensures we are kept informed of current regulatory requirements regarding drug testing. Screenings are reviewed by an experienced and trained Medical Review Officer employed by this laboratory. TCH

has years of experience completing drug testing for local employers to include its own employees.

Under our current agreement with our random drug testing reviewer, our testing provider completes a 10-Panel test with pH and nitrates. The testing includes: Amphetamines, Barbiturates, Benzodiazepines, Cocaine, Marijuana, Methadone, Methamphetamines, Ecstasy, Opiates, and Phencyclidine. We recognize that the proposal only requires a 9 panel test. However, we wanted to make you aware that TCH can offer the 10 panel at the same cost you are interested.

We appreciate your consideration of our proposal and look forward to working with you.

Sincerely,

A handwritten signature in black ink that reads "Haley Joiner".

Haley Joiner  
Laboratory Director
