Action/Discussion Item: Seek an emergency certification for a teacher.

Applicable Statutes or Regulations: 16 KAR 2:120 Emergency certification and out-of-field

Background and major Policy Implications: We have vacancies with no applicants and emergency certification will help fill a vacancy for our district. We have an employee who meets the requirements to be emergency certified per EPSB, including holding a bachelor's degree in education. The school principal supports the request for emergency certification. It is anticipated that the employee will meet all of the requirements for standard certification before the end of the academic year.

Fiscal Budgetary Impact: None

Alternatives: None proposed.

Recommended Action: To approve the request as presented.
