Woodford County (Versailles)	Dennis Johnson	dennis.johnson@woodford.kyschools.u	Athletic Director

Select the Specific Public School Boundary in which the reporting school is located. Be specific to which school and NOT the Public School District or Board of Education. {For example, Lexington Catholic HS is physically located in the Lafayette (Fayette County) District or Sacred Heart Academy is physically located in the Waggener (Jefferson County) District}. Retain this answer to respond to a later question.	Does your school host Foreign Exchange Students (J-1 Visa students)?	Does your school waive the fee/tuition for Foreign Exchange (J-1) students?	Does your school have foreign (F-1 Visa) students?	Does any F-1 exchange student pay less than the full, unreimbursed cost of education?

<p>What is the full, unsubsidized per capita cost of education for each student in the public school district of the Specific Public School Boundary school per question #2 on page 1.</p> <p>For public schools, this is the per-pupil amount spent by the district on each student at the high school level. For Non-public schools, this will be the full, unsubsidized per capita cost of education for each student in the public school district of the Specific Public School Boundary district school where your school is located. This is the required payment to be received from students on an F-1 VISA. For all schools, download the spreadsheet at http://www.khsaa.org/reports/UnsubsidizedCostofEducationfor1617.pdf Find the column value for the unsubsidized cost for your public school district and that is the answer to this question.</p>	Does your school have dorms, on-campus or school representative owned/managed housing?	Does your school charge any student for room and board?	Does any student residing in school owned/managed housing have less than the full amount charged?	What amount is charged (list different amounts if they differ for any student, please list 0 if your school does not provide dorms)?

Does your school or school district charge tuition to any student for any reason? (This includes private and out-of-district students. This may be tuition collected by the school, tuition collected by the school district or tuition collected through a third-party agency. Please be diligent when researching the answer to this question as we have found that though many schools do not collect tuition from out of district students, their school district does. This does not include free and/or reduced lunch.)	What is the full published amount of tuition due from any student who met no tuition exception, received no financial aid, or had no part of the fee waived (normally for those students in non-public schools or in public schools for students who are not residents of the district)? Be sure and include the full amount even if a reciprocal agreement between public school districts exists.	Does any student pay less than full tuition for any reason?	Check those that apply to the tuition reduction question and use the open ended box to describe.

		# of Students per KDE report	students in your general student body are athletes (all playing levels freshman, junior varsity, and varsity - grades 9-12)? Note: your numbers should only count athletes once -- multiple sport athletes	How many students in the overall general student body receive need-based aid or merit aid of any type? (This does not include free and/or reduced lunch.)	Of the number reported above, how many receiving need-based aid or merit aid of any type are athletes?	Does your school provide Merit Aid? Merit Aid - means financial aid awards given by the member school based solely on academic/test performance which are available to the entire student body through a competitive application process and that the selection of the recipient(s) is based on published objective criteria which may not include athletic achievement or ability. Total Merit aid for any student is limited to 25% of total costs for attending in order to maintain eligibility to participate.

Explain the payment collection process for tuition and fees for your school?	If payments are processed and collections of payments are done by a third party, who manages this?	Please list the name and email address of the administrator or school personnel in charge of the collection of tuition and fees.	What is the total dollar amount of financial obligations that students were unable to meet for the current school year?	Of the amount reported above, how much of that amount was owed by athletes?	What is the number of athletes that were unable to meet their financial obligations for the current school year?	Please enter the reason(s) the athletes reported above were unable to meet their financial obligations for the current school year.
