Facilities, Transportation, and Safe Schools

Transportation:

- State transportation inspection took place last week. We had no major issues of any kind.
- TANK responded to our latest request on route changes and they will be taking it to their next level of approval. If this works out we should be able to accommodate most of our students now on the waiting list.
 - Once we get final details worked out we will present you with a contract to approve.
- We are looking at potential adjustments to our current routes in case we have a driver unable to work.
- Would like to thank Dr. Orman for allowing us to utilize Mr. Davis to cover routes Tuesday afternoon.

Facilities:

- NHS:
 - Bleacher repairs have been completed. Waiting on report that we are now up to code.
 - Cafeteria renovations are in final steps. We have a couple of remaining issues that we are currently addressing.
 - Cameras have already shown their value. I have been able to locate a CCTV cart at NHS and provide video on individual who stole truck of GED student.
 - Charging stations are being completed this week.
- NIS:
 - Flooring is scheduled for completion over Fall Break.
 - Still waiting on some of the cores for doors and are currently relocating buzzers, etc.... in the security entrance.
- NPS:
 - New security entrance basically completed at NPS. Still waiting on Silco to complete a couple of issues with alarms.
 - Flooring is scheduled for completion over Fall Break.
 - Pricing out cabinets and office furniture to complete the front office.
 - Cameras are working.

Safe Schools

- All schools have turned in their first mandatory report.
- Will be working with NaviGate Prepared to complete the rest of the program.
- The new SRO Demetri Baligou has adjusted well to Newport. He has been visible in schools and we are looking to improve his resources.
- Signs have been purchased for Lock Downs and Surveillance and will be placed by end of next week.

Newport Regional School

- Mr. Piccirillo has DJJ on track at this point in the year. New staff are adjusting to detention center.
- Angie Hall continues to do an outstanding job.
