Regional Development Agency Assistance Program  
Ohio County Industrial Development Authority  
October 2018  
Detailed Scope of Work Attachment

The Hub was developed as a business incubator, co-work space, and remote work training center. The Hub was initially renovated and operated with USDA grant money. We intend to supplement these funds with RDAAP to cover operating expenses, so that we can offer more trainings at The Hub. We currently have an ongoing coding bootcamp and virtual assistance training program to spur rural job creation utilizing high speed fiber connectivity. Another coding bootcamp will be starting soon. We also host affordable office space for small business owners.

The Ohio County Water District's water treatment plant expansion included reserve capacity for economic development projects at Bluegrass Crossings Business Centre and elsewhere in Ohio County. We intend to use RDAAP to help cover a portion of the existing debt service on this project to free up county funds for other uses.
