

### Memorandum of Agreement

Cancer Family Care agrees to provide free therapeutic counseling on site at Boone County School locations to children dealing with cancer in the family. The sessions last between 30-45 minutes.

We ask that Boone County Schools work with our therapists to find a time during the school day that works for the student's schedule and the therapists schedule. We also ask that the school assist in locating a private, quiet location for the therapist to meet with the child.

Cancer Family Care works with the parent or guardian prior to the student beginning counseling. A copy of our permission form is attached.
