Rationale for Field Trip

What educational objective does this field trip meet for your students?

To expose the students to the theatre and allow them to see a live dramatic production that reflects on culture, history, and symbolism. Discuss how culture is influenced by language, literature, arts, beliefs, and behaviors and may result in unique perspectives. Students will analyze or explain how diverse cultures and time periods affect drama/theatre.

Core Content: AH-06-2.3.1, SS-06-2.2.1, SS-HS-3.1.1

- How is this trip connected with or linked to the unit you are currently teaching in the classroom? What have you been teaching that leads to the value of this trip?

We will be discussing theme and central ideas of a piece and how these are conveyed through particular details. The students will be able to do the same with the theme of the play. We will also be working with the story/plot unfolds and how the characters respond as they reach a resolution

ELA – R.6.2 and R.6.3

- What instructional follow-up activities will the student do upon returning from the field trip?

Students will discuss the show upon returning as well as write a review of the play.

- How will the field trip enhance learning more than the regular classroom instruction on this topic or lesson?

Many students do not see live performances. The performance will give them an experience that does more than come from a textbook.

- When did your students last attend this site?

The 6th grade team is new to BMS. Our current students have not attended this performance.
