RE: Coalition for Smoke-Free Tomorrow Partnership

In July of 2016, Bullitt County Board of Education members approved a proposal to make Bullitt County Public Schools 100% Tobacco Free, which supports a healthier environment for all, especially our students. To further promote healthy living and well-being for our community, Bullitt County Public Schools would like to collaborate with A Coalition for a Smoke-Free Tomorrow. Districts across the state are aligning with this partnership in order to promote a Smoke-Free Kentucky for the future. Approval is requested to be a part of this coalition and to be promoted as a partner on their website. If approved, Bullitt County Public Schools will be listed with over a hundred other partners on their website:
