Lesson Plans

Common Core Standards: 3.MD.1
3.MD.8

Learning Targets:

I can solve real-world problems involving addition and subtraction of time intervals in minutes.
I can solve real-world problems involving standard and nonstandard measurements.

Students will participate in a math presentation that incorporates measurements and elapsed time. Students will use their schema to review real-world problems dealing with elapsed time and standard and nonstandard units of measurements. This trip is a culminating activity to the above common core standards.

Upon return to school students will participate in a reflection activity to discuss and reflect on how the Derby Museum uses math in a real-world setting.
